N. P. LEAGUE IS NEW FORCE IN WISCONSIN

Farmers Organization Has Quickly Organized; Now Ready for Campaign

TO HOLD CONVENTION

Will Carry Fight to the Titmore Forces; Will Ask Many Questions

Quietly and without a brass band a new political force has been growing unnoticed in Wisconsin in the last two years. It is a force that will have to be reckoned with in this state in the coming campaign and in campaigns to come.

Attracting comparatively little attention and using "gunshot" methods of organization "out in the bushes" the Farmers' Nonpartisan League has attained a membership in Wisconsin of over 20,000 farmers. With the initial organization work accomplished, the league is about ready to get out in the open in Wisconsin and within a short time the following program will be announced:

1. About the first of March a state convention will be held in Madison at which time the political policy of the league in the coming campaign will be discussed. County conventions to elect delegates to the state convention will be held this month and the first week of February.

2. During the latter part of February the league will start a weekly newspaper in Madison which will have a circulation of 25,000 to 30,000 among the farmers of the state. It will be the official organ of the Nonpartisan League in this state.

3. A corps of speakers of national reputation will be started in the state and an increased number of organizers will be used in intensive organization work.

The work that has been accomplished by the league in Wisconsin is remarkable in view of the conditions which prevailed. About two years ago two men, one of whom was a farmer, came to Madison and engaged modest rooms above the Schaudauer grocery store on State st.

Organizers Are Started. A few organizers were started. They began their farm to farm canvass in their Ford's. They spread their literature. They told the story of way in which the farmers of North Dakota had defeated the big interests through organization. They urged upon the farmers the necessity of united political action as a means of obtaining economic justice.

This gospel has been carried on for two years and in that time 20,000 members have been enrolled in Wisconsin. It has been accomplished through personal solicitation, small unadvertised meetings in out of the way rural sections and through the use of literature.

The gunshot methods that have prevailed comprise part of the general program that is always followed by the league. The league never, if it can help it, draws a fight until it is ready for it. It has waited until it has attained 20,000 members in Wisconsin before it was ready to come into the open and announce a program.

After March 1, however, the league will be very much out in the open and the people of Wisconsin will hear considerable about the organization.

Theoretically, the Farmers' Nonpartisan League is the only farmers' organization in Wisconsin seeking betterment of the condition of farmers through political action. The Equity society is supposed to be a cooperative organization purely and its constitution prohibits the entry of the society into politics. Under the Titmore domination in the Equity society, however, the Equity society has been thrown into politics.

In spite of the charges made at the recent state convention of the Equity society, Nonpartisan League leaders contend that they have remained aloof from any attempt to control the Equity society. They contend that the bugaboo of Nonpartisan League domination was used by the Titmore forces to throw dust and to detract attention from other charges which the Titmore followers smothered through parliamentary action in the convention and which they were not willing to meet.

That the Nonpartisan League bogey was used for this purpose is proved, say Nonpartisan leaders, by the fact that the Equity convention dominated by Titmore did not dare to

Warmer Tonight

Weather Forecaster in Cheerful Message to the People of Madison.

"Much warmer tonight," are the cheerful words from Mr. Miller, the forecaster, this morning.

The highest temperature in the past 24 hours was 7 above at 4 p. m. Sunday, the lowest 7 below at 6 Monday morning; relative humidity, 87 at noon Sunday, 83 at 7 p. m., and 84 at 7 a. m. Monday; precipitation, 0; sunset at 4:37.

The cold wave is passing eastward. Zero temperatures were reported in Wisconsin and the St. Lawrence valley only. Freezing temperatures prevailed as far east as the Gulf states and central Florida. Low barometer on the plains is accompanied by southerly winds and much warmer weather and it is raining and snowing in the south-west.

CHICAGO MAN BUYS MAJESTIC

Richard Siebert Purchases Interests of T. H. Luneman

Richard Siebert of Chicago, who has been in the moving picture business for 15 years, will take over the Majestic theater on or about Jan. 8, at the expiration of T. H. Luneman's lease, according to an announcement by Mr. Luneman today.

The policy of the theater, which has been in existence for some 7 years, will not be changed, except that bigger programs will be put on said Mr. Siebert. Mr. Siebert has managed the Gem theater at Gary, Ind., the Bijou and Baroque at Hammond, Ind., the Majestic at Streeter, Ill., and the World theater at Mineral Point, Wis.

Mr. Luneman, in addition to managing the Stag hotel, has for the past two and a half years been conducting the Majestic, will now devote himself entirely to the hotel.

MANN OPPOSES BERGER ACTION

Republican Leader Says He is Against Summary Procedure in Case

WASHINGTON—It had been expected that the house would be called upon today to again pass on the question of seating Victor Berger. Berger was not present when the house met.

Rep. Mann, Illinois, former republican leader of the house announced that he would oppose any action to withhold Berger's seat.

"I am opposed to any summary action which would deny Berger his seat," he said. Chairman Dalingier, Massachusetts, of the elections committee which recommended Berger's election as a member at the special session was ready today with a resolution which would deny Berger his seat on the ground that he has been "guilty of giving aid and comfort to the enemy."

Boston Against Berger. BOSTON, Mass.—The appeal of Berger and Wisconsin socialists asking for the seating of Berger was defeated by Boston Central Labor union.

For Irish Recognition

WASHINGTON—Consideration of Ireland's struggle for autonomy and independence was urged in the house today by Rep. Sherwood, democrat, Ohio, who spoke in support of the Mason resolution, which proposes to recognize a de facto government in Ireland.

HAYWOOD TO SURRENDER; SHOWS FIGHT

I. W. W. Leader Says That Illinois Syndicalist Law Move to Fight Strikes

5,000 NABBED IN RAID

Several Hundred Warrants Still to be Served in the Government Raid

(By the Associated Press) CHICAGO—More than 100 alleged radicals arrested in the New Year's raid by state and city authorities today were arraigned in criminal court, and a special grand jury began untangling the mass of evidence seized.

Agents of the department of justice spent the day preparing evidence for submission tomorrow at the hearings of 254 red aliens held for deportation as a result of the New Year's drive and the national crusade of a day later.

William D. Haywood, I. W. W. for whom state officers have searched since New Year's day announced in a morning paper that he would surrender today. The federal officers said they did not want to arrest Haywood. State's Attorney Hoyne, who directed his arrest, made no announcement of the charge against Haywood.

"Regardless of recent official statements to the contrary, I wish to say that there has been, is, and can be no connection between the Communist party and the Communist Labor party and the Industrial Workers of the World," Haywood said. "The communist parties are political organizations. The I. W. W. is an industrial organization. Our methods are totally different."

He said that the Communist manifesto regarding overthrow of the federal government never had been included in I. W. W. propaganda. Haywood said also that if the state's attorney sought to invoke the new syndicalist law against strikes, "and I understand he is working toward that end, he will have the fight of his life."

Progress of Raid. WASHINGTON—Although nearly 5,000 persons have been arrested since the latest radical raid was started last Friday night, department of justice agents over the country still were seeking out today members of the Communist and Communist Labor organizations.

Apparently New York and Chicago were the chief centers of activity. Several hundred warrants were yet to be served.

Nearly 3,000 of those arrested have been held for deportation proceedings and because of the congestion at Ellis Island all of them cannot be concentrated there.

Congress had before it today, the request of Attorney General Palmer that it take prompt action on a bill proposed by him several months ago and designed to enable the government to deal with citizens found to be engaged in radical activities.

Hundreds of citizens were taken in the raids Friday and Saturday and these must be turned over to the state authorities for trial.

Leader Is Arrested. NEW YORK—Gregory Weinstein, chief of staff for Ludwig C. A. K. Martens, ambassador to the United States of the Russian soviet republic, was arrested on a deportation warrant today by agents of the department of justice. Weinstein, according to department of justice officials, is the most influential Russian Communist next to Martens in America.

NO STRINGS TIED TO SUGAR SALES

Combination Sales to Force Selling of Other Goods Ordered Stopped

WASHINGTON—The federal trade commission Monday held that the selling of sugar in combination with other goods to force purchases to buy other things in order to obtain sugar, was an unfair method of competition and ordered the Cole-Comard Co. of Chicago to cease the practice.

CAR MEN ASK WHY INCREASE IS HELD BACK

Rumor That Conciliation Board Has Quit to be Investigated

Madison street car employees are attempting to find out why they do not get their increase in salary. A committee appeared before the railroad commission Monday to ask for information.

Some time ago the street car employees filed an application with the company for increase in salary. They are now receiving 44 cents per hour and ask that the salary be increased to from 50 to 60 cents per hour, as is now paid in Janesville and Beloit.

About two months ago the employees of the Madison Railways Co. asked for an increase. At that time the application was referred by the company to the state conciliation board. Employees have waited two months with no word of any investigation.

A committee composed of Adin Alverson, Adam Reining, and C. R. Miller called on the railroad commission Monday and was told that the commission had no authority with reference to the matter but that it was entirely in the hands of the conciliation board.

"We have been told that W. S. Heddes, member of the board, and S. W. Gilman, another member of the board at Madison, have resigned," said one of the committee. "The secretary of state's office was called up but there is no record of resignation in that office."

The committee will continue its investigation of why the salaries are not adjusted. If the conciliation board has resigned the committee will ask the governor to appoint a new conciliation board so that the matter may be given adjustment at once.

IMPORTANT WORD COMING FROM WILSON

White House Announces Message Will be Sent to Jackson Day Banquet

BRYAN LEADS REVOLT?

Reported That Commoner and President Will Split Over the Treaty

(By the Associated Press) WASHINGTON—President Wilson will send "an important word of greeting" to the Democratic dinner on Jackson Day, January 8, it was announced today at the White House.

No information was available at the white house as to the form the president's message would take. Secretary Tumulty declined to amplify the bare announcement that it would be an "important word."

Some friends of the president, believed however, that he would take this opportunity to give his views as to future policies.

Bryan and Wilson Differ. WASHINGTON, D. C.—A clash between President Wilson and William Jennings Bryan over the peace treaty and its league of nations covenant is imminent.

Friends of Mr. Bryan are authority for the statement that the Nebraska is maneuvering to bring about ratification of the treaty with reservations, being convinced that the delay is working to the disadvantage of the country and is placing the Democratic party in the position of opposing the prevailing public sentiment in favor of a quick acceptance of the league of nations covenant.

"Mr. Bryan has no objection to the reservation to article X," said one of his intimates tonight.

May Help Party Revolt. If this correctly represents the attitude of the commoner he is placing himself in a position to promote the growing insurgency against the Democratic senators against the president's demands for unconditional acceptance of the covenant.

The meeting of the insurgents at the residence of Senator Smith of Georgia did not materialize today on account of the absence of several of them from the capital. It is known that some of them have arranged for a talk with Mr. Bryan, who is due to arrive in Washington Tuesday night.

There were growing indications that the senate's struggle to dispose of the treaty would be renewed during the week with an increased determination on the part of those who want ratification.

Senators returning from holiday trips to their home states added several suggestions to the compromise proposals. Although no one could predict certainly the result, a reopening of the whole subject in private and party conferences and on the senate floor apparently was assured.

They have no children.

F. G. BROWN PASSES AWAY INN. CAROLINA

Vice President of First National Bank Dies Suddenly in South

WAS 67 YEARS OLD

In Late Years He Was Engaged in Investment Business

Frank G. Brown, a well known Madison businessman, died suddenly at Asheville, N. C., this morning. No details were received, except a short telegram to his brother, Fred M. Brown, announcing the death.

Mr. and Mrs. Brown, accompanied by their daughters, Elizabeth and Adeline, left Madison about a week ago for a trip to New York and to Asheville. The telegram of the death of Mr. Brown comes as a shock to his business associates.

Mr. Brown was the son of the late Timothy Brown, a pioneer Madison businessman. Frank G. Brown was born near Syracuse, N. Y., in 1852 and came to Madison with the Brown family about 10 years later. Mr. Brown was educated at the University of Wisconsin, graduating in 1872. The father, Timothy Brown, was one of the organizers of the First National bank of Madison and with his sons, Fred and Frank, devoted most of his time to real estate investment.

In 1870 Frank G. Brown, with his father, became part owner of the stock of the Madison Gas company. Mr. Brown has devoted himself in recent years to bank investment affairs and the loan of money upon mortgages.

About 35 years ago, Mr. Brown married Miss Minnie Goodrich of Milwaukee. The family has continued to live in Madison.

No details of the funeral will be announced this afternoon and Fred Brown, the only brother, has gone to Asheville, N. C., to bring the body back to Madison.

Mr. Brown was a vice president of the First National bank. He died just two weeks to a day, following the death of A. E. Proudfoot, president of the First National.

6,000 STUDENTS BACK TO WORK

Christmas Vacation is Over; Returning Trains Packed

The lull into which Madison had fallen during the Christmas holidays, when the university district seemed the most deserted spot in all the city, was broken Saturday when some 6,000 students began to return to the city to resume their work at the university, which opened with 8 o'clock classes Monday morning.

Trains arriving yesterday were packed with young folks, additional cars having been added to a large number of trains, especially those coming from Chicago. Sleepers arriving here early Sunday morning were popular and overcrowded. Many put off the evil moment as long as possible, returning late last night, to be greeted by frosty weather which turned up their coats.

Madison public and parochial schools also opened this morning, after their holiday of three weeks. A broken pipe at the Randall school, frozen during the vacation, in spite of the fact that the building was heated, gave the children of the west end an extra half holiday.

TOM OLSON PLACE REPORTED SOLD

Majority Opinion of Supreme Court On the Beer Case

WASHINGTON—"If the war power of congress to effectively prohibit the manufacture and sale of intoxicating liquors in order to promote the nation's efficiency in men, munitions and supplies is as full and complete as the police power of the states to effectively enforce such prohibition in order to promote the health, safety and morals of the community," the majority opinion of the supreme court on the beer decision said, "it is clear that this provision of the Volstead act is valid and has rendered immaterial the question whether plaintiff's beer is intoxicating."

"For the legislation and decisions of the highest courts of nearly all of the states establish that it is deemed impossible to effectively enforce their prohibitory laws or other laws merely regulating the manufacture and sale of intoxicating liquors if liability or inclusion within the law is made to depend upon the issuable fact whether or not a particular liquor made or sold as a beverage is intoxicating."

"That the federal government, would, in attempting to enforce a prohibitory law, be confronted with difficulties similar to those encountered by the states is obvious; and both this experience of the states and the need of the federal government of legislation defining intoxicating liquors as was done in the Volstead act was clearly set forth in the reports of the house judiciary committee. Furthermore, the attorney general calling attention specifically to the claim made in respect to the 2.75 per cent beer had pointed out to congress that the definition of intoxicating liquor by fixed standards was essential to effective enforcement of the prohibition law. It is therefore clear both that congress might reasonably have considered some legislative definition of intoxicating liquor to be essential to effective enforcement of prohibition and also that the definition provided by the Volstead act was not an arbitrary one."

"The police power of a state over the liquor traffic is a single broad power to make such laws, by way of prohibition, as may be required to effectively suppress the traffic in intoxicating liquors. Likewise the implied war power over intoxicating liquors extends to the enactment of laws which will not merely prohibit the sale of intoxicating liquors, but will effectively prevent their sale. Hardship resulting from making an act take effect upon its passage is a frequent incident of permissible legislation. Here the loss resulting to the plaintiff from inability to use the property for brewery purposes, is an incident of the peculiar nature of the property and of the war needs which we must assume, demanded that the discontinuance of use be immediate."

"Prohibition of the manufacture of malt liquors with alcoholic content of one-half of one per cent or more is permissible because, in the opinion of congress the emergency demands it. If, in its opinion, the particular emergency demands the immediate discontinuance of the traffic, congress must have the power to require such discontinuance."

"It is urged that the act is particularly oppressive in respect to the beer on hand, because the plaintiff was engaged in manufacturing and selling a non-intoxicating beverage expressly authorized by the president in his proclamation of Dec. 8, 1917, and prohibited by him later, only when conservation of all the food products of the country became necessary. The facts afford no basis upon which to rest the claim of an equity in the plaintiff's favor. The specific permission from the president to manufacture 2.75 per cent beer, was not on the ground that such beer was not intoxicating; nor was it a declaration by him that this beer was in fact non-intoxicating."

"The permission extended to all 'Ale and porter' which, everyone knows, are intoxicating liquors. This permission to make 2.75 beer was withdrawn Dec. 1, 1918 under proclamation of September 16, 1918; and no permission to manufacture specifically 2.75 beer was ever thereafter given by the president. His later proclamation (March 4, 1919) merely limited the prohibition of the use of foodstuffs to use in the production of 'intoxicating liquors.' Whether 2.75 beer was intoxicating was thus left by the

president not only without a decision but without even an intimation. The statement of plaintiff that the 2.75 beer on hand was manufactured under permission of the president, is wholly unfounded. It was not until July 1, 1919 when the war time prohibition of sale of any liquors. So far as appears, all the beer which the plaintiff had on hand at the time of the passage of the Volstead act was manufactured by the plaintiff long after the president had ceased to have any authority to forbid or to permit."

DRY ACT IS UPHELD BY HIGH COURT

Supreme Body Divides 5 to 4 on Issue of 2.75 Per Cent Beer

BRANDEIS IN OPINION

Justice McReynolds Writes Dissenting Opinion Says Emergency is Passed

WASHINGTON, D. C.—The supreme court this morning held prohibition constitutional. The supreme court declared constitutional sections of the Volstead prohibition enforcement act prohibiting the manufacture and sale of "Beer, wine or other intoxicating malt or vinous liquors" containing one-half of one percent or more of alcohol.

It also declared 2.75 percent beer illegal.

Associate Justice Brandeis who rendered the opinion of the court said the right of congress to suppress the liquor traffic was not an implied power but a power expressly granted.

The court divided 5 to 4. Associate Justices Day, Vandewater, McReynolds and Clarke dissented. Under war emergency congress has a right to stop immediately the sale of intoxicating liquor, the court held.

Justice McReynolds in a dissenting opinion said that the 18th amendment had not yet come into effect and that the federal government had no general power to prohibit the manufacture and sale of liquor. Justice McReynolds took the position that the war emergency under which national prohibition was made effective had passed.

The Prohibition enforcement act, defining as intoxicating any beverage containing one half of 1 percent or more of alcohol was declared constitutional in an opinion on which the court divided 5 to 4.

Proceedings brought by Jacob Ruppert of New York to enjoin the government from prohibiting the sale of 2.75 per cent beer were ordered dismissed.

Ruppert's case was brought under the war-time act. He alleged that 2.75 per cent beer was non-intoxicating, but that the Volstead act by limiting the alcoholic content prohibited the sale of beer manufactured under regulations prescribed under the Lever food control act by President Wilson.

The government today filed in the supreme court its answer to the application of the state of Rhode Island for permission to institute original proceedings to test the constitutionality of the national prohibition constitutional amendment.

At the same time Attorney General Thomas F. McRan, of New Jersey, asked dismissal of similar proceedings brought on behalf of the Retail Liquor Dealers' association of New Jersey to enjoin state and federal authorities from enforcing the amendment in that state. A brief in support of the association's case was also filed by counsel for the organization.

Attorney General McRan reiterated the contention made by the government in its reply filed last Saturday that the supreme court had no jurisdiction in the New Jersey case and argued that the state could not compulsorily be made a suitor in an original action in the supreme court instituted by a citizen of that state. Under an agreement of counsel arguments on the Rhode Island and New Jersey cases will not be heard until next Monday.

Price of Madison

Bread Increased

Prices on bread and rolls have increased in Madison. Small loaves have advanced from 10 to 11 cents and the large ones from 15 to 16 cents. Rolls which have been selling at 13 cents have gone to 15. High prices of flour and other materials necessitated the new charges, it is said.

Best Treatment for Catarrh S. S. S. Removes the Cause

FOR THE BLOOD. Once you get your blood free from impurities—cleansed of the catarrhal poisons, which it is now a prey to because of its unhealthy state—then you will be relieved of Catarrh—the dripping in the throat, hawking and spitting, raw sores in the nostrils; and the disagreeable bad breath. It was caused, in the first place, because your impoverished blood was easily infected. Possibly, a slight cold or contact with someone who had a cold. But the point is—don't suffer with Catarrh. It is not necessary. The remedy, S. S. S., discovered over 50 years ago, tested, true and tried, is obtainable at any drug store. It has proven its value in thousands of cases. It will do so in your case. Get S. S. S. at once and begin treatment. If yours is a long standing case, be sure to write for free expert medical advice. We will tell you how this purely vegetable blood remedy cleanses the impurities from the blood by literally washing it clean. We will prove to you that thousands of sufferers from Catarrh, after consistent treatment with S. S. S., have been freed from the trouble and all its disagreeable features. Don't delay the treatment. "FAIR PRICE" MEN PARTIAL IN RULINGS

Illinois Committee Aids Chicago Merchants by Price List

LIST IS BELOW COST

Big Department Stores Only Ones Having Goods to Meet Price

(By the Associated Press) CHICAGO—Investigation of the "fair price" list for clothing, issued by the Illinois fair price committee and which out of town merchants declare is lower than the wholesale price, has revealed a business deal whereby leading Chicago department stores have done a rushing business in cheaper grades of clothing.

The fair price committee, composed of five officials of the big downtown department stores and one representative of the suburban dealers, frankly admits that clothing can not be bought in the wholesale market today at the "fair price" set for retailers.

The committee fixed the fair price for men's suits and overcoats at \$34.50; women's suits at \$25, men's and women's hose 25 cents a pair, and other articles on a corresponding scale. The big downtown stores have complete lines of clothing on sale at the prices fixed.

When merchants from many sections complained that the "fair price" list was unfair, that it made them appear to be profiteers, and that they could not buy clothing at wholesale at the commission's retail price, Chicago dealers explained that the clothing on sale here was purchased months ago, none being bought within the past 6 months. Men's suits, for example, are of two classes, cotton and wool mixtures and all wool shoddy. After the present supplies are exhausted, no more will be available, it is said.

"The big buying power of stores here, combined with the fact that they take advantage of special bargains in the market, made this list possible," according to D. F. Kelly, manager of a Chicago department store and acting chairman of the fair price committee. Merchants in small cities are right when they say they cannot buy at wholesale prices as low as our fair price list. We couldn't either. We fixed this list and made a special drive for the man and woman who wants low priced clothing."

The cheapest wool suit, moderately well tailored, on sale in the regular clothing department today is priced at \$50. The average well-dressed business man can not be outfitted for less than \$75 to \$85 a suit.

Michigan Lad Finds Life Here Too Wild

"Rough Life on the Frontier" was the book's title, it appeared to Nels Nelson, aged 23 of Menominee, Mich., so he read it and began adventuring. He landed in Minneapolis, broke. Fourteen dollars did not last long.

Nelson then decided to come to Madison. He had to walk. During the last five of the eight days required for the journey, he said, he had traveled without food. He was clad in a thin suit and no overcoat. He was found at the Northwestern station completely exhausted.

At the police station he was fed, thawed out, and sent home "on the cushions."

Best Treatment for Catarrh S. S. S. Removes the Cause

FOR THE BLOOD. Once you get your blood free from impurities—cleansed of the catarrhal poisons, which it is now a prey to because of its unhealthy state—then you will be relieved of Catarrh—the dripping in the throat, hawking and spitting, raw sores in the nostrils; and the disagreeable bad breath. It was caused, in the first place, because your impoverished blood was easily infected. Possibly, a slight cold or contact with someone who had a cold. But the point is—don't suffer with Catarrh. It is not necessary. The remedy, S. S. S., discovered over 50 years ago, tested, true and tried, is obtainable at any drug store. It has proven its value in thousands of cases. It will do so in your case. Get S. S. S. at once and begin treatment. If yours is a long standing case, be sure to write for free expert medical advice. We will tell you how this purely vegetable blood remedy cleanses the impurities from the blood by literally washing it clean. We will prove to you that thousands of sufferers from Catarrh, after consistent treatment with S. S. S., have been freed from the trouble and all its disagreeable features. Don't delay the treatment. HEALTH BY MAIL NEW SLOGAN OF MEDICAL BOARD

State Board of Health to Use Franked Cards for Reports

"Health by mail" is the slogan adopted by the state board of health in the campaign for more accurate and complete reports of communicable disease. Let it be thought that a medical mail order business is contemplated, explains the board in a statement. Monday, it may be said there is no intention on the part of the board of entering into competition with practitioners in the state. The battle-cry has an entirely different application.

Through the courtesy of the federal government and the active assistance of the U. S. public health service, physicians will hereafter be able to submit reports of communicable disease to their local health officers on postal cards bearing the government frank. In addition to saving considerable postage in the aggregate, the system has the additional advantage of being convenient and carrying considerable prestige. It will soon be possible for physicians to transmit specimens for examination to the state laboratories of hygiene without the payment of postage. The granting of the franking privilege to the physicians of the state may be taken as an indication of the earnest intent of the federal government to control the communicable diseases insofar as it is possible.

In meeting the legal requirements connected with the use of the franking privilege it was necessary to appoint a number of local health officers and laboratory directors in the state as regular "dollar a year" men, who bear the title of assistant collaborating epidemiologist. They are expected to stimulate physicians and other persons to report all cases of communicable disease coming to their attention. The cards are to be forwarded weekly to the state board of health.

A fact not generally known nor appreciated is that the law requires not only physicians, but all other persons to report cases of communicable disease coming to their attention. Anyone, therefore, whether a physician or not, can obtain cards from the health officer and report a disease or suspected disease. A great deal of valuable assistance can be rendered, the board declares, if lay people would aid in this way.

By obtaining more accurate and complete reports not only the local health departments, but also the central agency in Madison will be able to cope more promptly and decisively with outbreaks of disease. Not only can such efficient aids in disease control as placarding and quarantine be instituted without delay, but the services of skilled men and women can be made available.

Thousands of franked postal cards are being sent to various parts of Wisconsin as rapidly as the oaths of office are received from the newly appointed officials.

AGED ASSEMBLY CHAPLAIN DIES

Rev. Thomas Foulkes Only Pastor to Serve Entire Session

Rev. Thomas Foulkes, aged 70, was buried in Baraboo Sunday. He was probably the only chaplain of the Wisconsin assembly who officiated during an entire session.

Levi Bancroft was the speaker and early in the session he created a stir by announcing that there was a ministerial trust in Madison with respect to the chaplaincy, and he proposed to smash it. He named Mr. Foulkes, his old Richland Center pastor, chaplain for the entire session.

Mr. Foulkes is survived by his wife, a daughter and two sons. He had been pastor at Oregon, Merrimack, Viola, Galesville, LaCrosse, Richland, Center, Necadiah, Lodi, Schulenburg, North Freedom and Fronton.

SUGAR BOARD MANY KILLED COST STATE 10 MILLION POUNDS AS EARTHQUAKE SHAKES MEXICO

Eastern Sugar Could Not Come In; Badger Product Could Go Out

Ten million pounds of sugar were lost to consumers in Wisconsin, due to the ruling of the U. S. sugar equalization board which prohibited the shipment of the past crop of Cuban cane sugar west of Pittsburg, according to evidence in the hands of the state division of markets, which shows that Wisconsin wholesalers were compelled to give up 165 cars of eastern sugar because of federal zone regulations. Much of this sugar was contracted for at 9c a pound and would have sold to the public at from 11c to 12c per pound. The sugar equalization board not only forbade the filling of orders from the west, but actually cancelled existing contracts which had been made before the ruling was passed. In cases where contracts were cancelled, the wholesaler was paid a margin of half a cent a pound as compensation.

Efforts by the state commission to obtain a modification of the federal ruling failed, as the sugar board stated that it had the authority of the president to keep cane sugar in the east and even to confiscate valid contracts for such sugar.

"The consequence of the sugar equalization board's action," said a state market division official, "is that eastern sugar could not come into the west, but there was no rule to prevent western sugar from going east. The sugar equalization board took pains to announce that its rule did not work both ways. It is clear that the people of Wisconsin lost, by this ruling, a supply of sugar equal in amount to the combined output of all Wisconsin's beet sugar factories, insofar as this output is sold in Wisconsin.

"It is well known that approximately half of the sugar produced in Wisconsin is sold in other states. The state government cannot legally prohibit such sales. The right to engage in interstate commerce is protected by the federal constitution and the state cannot interfere with it. "The sugar equalization board, when asked by the Wisconsin division of markets to amend its ruling, said 'to use its own words—that there was no good reason why we in Wisconsin should not be able to get sugar."

"There are two good reasons why we could not get sugar. One is that eastern sugar was forbidden to enter Wisconsin. The other is that Wisconsin sugar was permitted to leave Wisconsin."

ANTOINETTE SCHWARTZ
Antoinette Elizabeth Schwartz, two-year-old daughter of Mr. and Mrs. A. W. Schwartz, 827 E. Johnson st., died Friday afternoon at St. Mary's hospital from meningitis. MANY KILLED AS EARTHQUAKE SHAKES MEXICO

Ten States Affected; Worst Damage Suffered Near Vera-Cruz

MEXICO CITY—Ten states were shaken by the earthquake which Saturday night destroyed at least two villages and caused many deaths in the state of Vera Cruz. These states were Mexico, Puebla, Vera Cruz, Oaxaca, Guerrero, Morelos, Jalisco, Tlaxcala, Hidalgo, and Queretaro. They stretch from the Isthmus of Tehuantepec in a north-westerly direction, a distance of nearly 500 miles.

Reports indicate the center of the disturbance was near Orizaba. It was near here that the most serious damage was done. Orizaba, a village, was destroyed and a similar fate befell Coahuila, a hamlet.

Many houses and churches in Jalisco, 50 miles northwest of Vera Cruz, were damaged, while Orizaba, 10 miles south of the volcano, lost several business blocks and churches. In the suburbs of Orizaba many persons are reported killed. The shock came during a performance at the theater at Orizaba and panic-stricken people leaped from the balconies into the pit in their efforts to escape.

Fifteen shocks were experienced at Cordoba. Telegrams from Vera Cruz Sunday night state that scores perished.

State Board Ordered to Give Examination

Judge E. Ray Stevens of circuit court has issued a peremptory writ of mandamus requiring the state board of medical examiners at its next meeting to allow Emerson Pollard, a citizen of Illinois, to take the examination given by the board to physicians who wish to practice in Wisconsin. Pollard claims he first tried to take the examination in 1916 but the privilege was denied him then and several times since.

135 NEW FARM ORGANIZATIONS FORMED IN 1919

Greatest Increase Recorded Last Year in Cooperative Corporations

Never has there been a greater advance in the number of farmers' incorporated business and trade associations in Wisconsin than during the season of 1919. From figures obtained in the secretary of state's office, where by law all copies of official incorporation documents must be filed, from Jan. 1, 1919, up to and including the week of Dec. 31, 1919, there have been at least 145 farmers' associations formed to meet the requirements of the state co-operative law.

At the secretary of state's office they say that a very noticeable advance in the filing of such papers occurred immediately after the signing of the armistice in 1918, and that the weekly receipts of requests for copies of the co-operative law have doubled of late. The law requires that copies of the papers filed with the register of deeds in the county where the group is engaged in business be filed at Madison within 30 days. Unless this is done the group so organizing has no legal existence. The recording fee is \$10 for groups having capital over \$500, and for associations with capital stock of a less amount the fee is \$1. The register of deeds is allowed to charge 25 cents in fees.

MANTOWOC—Adam Bleser, 74, pioneer resident, died at his home at Four Corners. Mr. Bleser was born at Coblenz, Germany, and made his home here since he was fifteen. He is survived by his widow and six children, all making their home in this country.

For the first time in her career Geraldine Farrar appears with her husband, Lou Tellegen. For the first time in her career Geraldine Farrar is backed by a superproduction that is already astonishing moving picture goers throughout the country. The upheaval of royalty and how it affected each and every one is shown in a realistically depicted as in this gigantic Geraldine Farrar picture—a picture that will rank with the greatest you have ever seen. It is another triumph for "America's most talked of woman"—a picture that will hold your interest until "The End" flashes on the screen.

New Treatment That Knocks Rheumatism

75c BOX FREE TO ANY SUFFERER

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments, even in the very worst cases, seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that its owner wants everybody that suffers from rheumatism, no matter how severe, to get a free trial of the package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, submit to a free trial of the package, and even after all other treatments have failed, I will, if you have never previously used the treatment, send you a full size package free if you will just cut out this notice and send it with your name and address to me to help pay postage and distribution expense to me personally."

P. H. Delano, 1909-A Griffin Square Bldg., Syracuse, N. Y. I can send you one free package to an address. Address one free package to an address.

RACINE OBJECTS TO CAR CHANGES

Street Car Trouble Again Comes Before Railroad Commission

Racine street car troubles will be aired again before the railroad commission. On Monday, Edward Gruhl, representing the Milwaukee street car system, appeared before the commission and asked it to approve of the installation of 30 one-man cars in Racine. This was refused for the present. Simultaneously the commission received a complaint from the city of Racine against the street car service which is now being furnished there.

It was announced by commission officers that a hearing would be held on both the application for installation of one-man cars and over the street car service furnished. Commissioner John S. Allen has gone to Racine to spend several days investigating the car service.

Break in Water Pipe Halts School Opening

A break in a water pipe at the Randall school Monday morning delayed the re-opening of the school until afternoon. Water seeped through the floor into the basement, where the home department is situated. In spite of the fact that the school was heated during the entire holidays, the pipe froze. Little damage was done.

2,000 COAL MEN GATHER TO TALK OF SETTLEMENT

Miners' Delegates Believe 14 Percent Increase Will Be Raised

COLUMBUS, O.—More than 2,000 delegates, representing the 400,000 soft coal miners of the U. S., were assembled here Monday for the convention to discuss the settlement of the strike. Plans are to be formed for presenting to the commission of three men, appointed by the president to consider all matters in dispute and report within 60 days, final terms of settlement.

John P. White, member of the commission, is here for the convention and to obtain direct from the miners their attitude in the controversy before taking up with the scale committee in Washington next week hearings on the miners' demands.

The miners are not satisfied with the 14 per cent advance but are confident the commission will find they are entitled to more. They have gathered a mass of data relative to the increased cost of living in mining districts.

The Columbus convention, said officers, is not called for the purpose of ratifying or rejecting the action of the officers in accepting the proposal of the president. Pres. Lewis and members of policy committee take the position that there was no other course. Not to have accepted would have meant defiance of the government, they point out. The report of Pres. Lewis and Sec. Green, giving a history of the controversy from the time of the Cleveland convention last September up to the present, is expected to be presented to the convention Monday.

Alleged discrimination of certain operations against union officials is expected to come before the convention.

STATE ROADS IN GOOD CONDITION

Auto Traffic Continues as Snow is Now Well Packed

Auto traffic continues on nearly all roads in southern and central Wisconsin the accumulation of snow having been so gradual that it has been backed by travel. The weekly report of the state highway bureau on the condition of state highways:

To Milwaukee: No. 13, 4 inches of snow; drifting into track near Kenosha; 12-41 poor on account of drifts near Jefferson; 2 or 3 inches of snow.

To Illinois: 12 improved during week; but snow drifting near Fort Atkinson; No. 10 under 10 to 18 inches of snow, and poor between Steiglitz and Elgin; traffic going through; No. 42 under 8 to 12 inches, drifting; Belleville to New Glarus, poor.

To Prairie du Chien: No. 10 under 10 to 12 inches of snow; good skidding, but almost impassable for autos at Klevenville, Edmund and Fenimore.

To La Crosse: No. 11 under 6 to 10 inches of snow, rutted near Twin Bluffs, otherwise fair to excellent. No. 12-21, 3 to 10 inches of snow; poor near Sparta and New Lisbon, otherwise good; No. 23, Paraboo to Elroy, and No. 13, Kibbourn to Friendship, good, with 4 to 6 inches of snow.

To Portage, Ashland, Duluth: No. 10 good, no reports; Columbia to Vilas counties, snow too deep for autos in northern Wisconsin.

To Fond du Lac: No. 31 badly drifted and impassable for autos to Beaver Dam; skidding good.

ARMENIAN GIRL TO SPEAK HERE

Appeal for Children to be Made Jan. 13 at U. W. Gymnasium

An appeal for the children of Armenia will be made by Marie Sarrafian, an Armenian girl, the only survivor of a family of six, who is to speak in Madison at the university gymnasium at 4:30 and 8 in the evening on January 13. The afternoon meeting is under the auspices of the International club of the university, the evening address of local women's clubs.

A native of Cesarea, Mounjouson, and the daughter of a Christian, Miss Sarrafian lived to see her family massacred. She will give a description of the scenes which she witnessed.

IRISH CAPTURE BARRACKS FROM BRITISH POLICE

Fresh Series of Outbreaks Complicates Serious Situation

LONDON—The situation in Ireland has been complicated by fresh outbreaks. Dispatches from Cork reported a group of 200 men Saturday night attacked the police barracks at Carrigrohilly and after a four-hour battle with the six defenders, dynamited the building. Hundreds of shots were exchanged but there were no casualties.

All the telephone and telegraphic wires in the village were cut before the attack.

After confiscating arms and munitions in the barracks the attackers looted the policemen severely and then freed them.

A building near the barracks was wrecked by the attackers. Families living in it escaped.

Raiders attacked the barracks at Carrigrohilly and were repulsed. Firing of long range continued for some time.

At South Kilmurray and Inchigeelagh barracks were raided but the defenders repulsed all attacks. Cork dispatches reported a raid at Bally Longford, in which one policeman was said to have been killed.

The daring attacks aroused great excitement in Dublin and London, but no official comment has been made.

Dublin castle authorities seem unable to combat the rebels; they do not know where to look to prevent new trouble. Dublin castle itself resembles a formidable camp, with barbed wire entanglements, machine guns and armored cars.

LABOR VICTORY JARS ENGLISH TORY LEADERS

Newspapers Discuss Significance of Defeat of Sir John Simon

LONDON—Great Britain's coalition government suffered the worst blow as yet dealt it in the election of Tom Myers, Laborite, over Sir John Simon, Liberal, in the parliamentary bye-election in the Spence Valley district, according to newspapers. Even the Daily News, although it supports liberals like Sir John Simon, urges that liberal candidates be eliminated in contests where Laborite success seems probable, adding:

"The principal task of the electors is to get rid of the coalition." Significance is seen in the Spence Valley result by all newspapers here which point to many indications of growing Laborite strength. Conservative coalition journals while recognizing remarkable progress by the Labor forces, profess to see a current against the present government rather than in the direction of a general election. A note of alarm however is not lacking in their editorial comments.

Prospects of a turnover in votes resulting in a Labor government are discussed in connection with the statement made Saturday night at Sunderland by Winston Spencer Churchill, who said Laborites "were unfit to govern." Mr. Churchill's statement is taken up by John Clynes, Laborite leader in the Daily Mail. He contends Mr. Churchill has failed but that Labor has succeeded in handling great undertakings and that when placed in power could if necessary follow the example of the coalition government and call in men of great business experience and ability. Mr. Clynes declares he would regard Mr. Churchill's statement "Offensive if it were not so funny."

ASKS U. S. BE LEFT OUT ON LEAGUE PAPERS

Ambassador Requests Time to Confer With Washington on League Affairs

PARIS—Hugh C. Wallace, American ambassador, was reported Sunday to have asked the supreme council of the peace conference to change the formula referring to the powers participating in the council from the "allied and associated powers" to the "allied powers." This report was not strictly correct, it was learned Monday.

Ambassador Wallace, it is stated, has not asked that the term "allied and associated powers" be changed but merely requested that, when questions arose which involved the U. S. this formula, including the U. S., be not used in documents until he had time to get a decision from Washington on such questions.

The report appears to have created a wrong impression here. Evidently basing its comment upon the early impression of a more radical request of the ambassador the Echo de Paris in an editorial Monday says: "This marks the determination of the U. S. not to participate officially."

Election Will Feature Opening Session of Year on Monday Night

The annual meeting of the Federation of Labor will be held tonight at Labor hall. Delegates to the central body will begin the new year with election of officers. There has been no active campaign for any office in the federation.

When Joseph H. Brown resigned as business agent of the building trades, he quit his duties as president of the federation, but did not formally resign. He is still nominally president of the central labor body, but Aiden Alverson, vice president, has been acting as chief executive. Mr. Alverson, reelected president of the carpenters' union, has not announced his intention of seeking the office of president of the federation.

OBSERVE LITTLE CHRISTMAS IN CHURCHES HERE

Little Christmas is to be observed at the regular morning week-day mass in Catholic churches Tuesday, although it is no longer regarded as a holy day in the Roman Catholic churches of the U. S., according to Father P. B. Knox.

Little Christmas, which falls on Jan. 6, commemorates the first appearance of the new born king of the Gentiles. In the bible it is referred to as the epiphany, the shining forth or manifestation of the mystery of the incarnation. It is this date which the Russians and other Christian Europeans of eastern Europe celebrate as their Christmas, not observing Dec. 25 at all.

Before 1834 Little Christmas was celebrated with special solemn church music and services in various communities throughout this country, but after the Council of Baltimore, held that year, it was decided to make all church holy days uniform and this one was dropped.

TO ERECT MEMORIAL

RACINE—Racine county will erect, as a memorial to all soldiers of the county, a tuberculosis sanatorium to cost \$150,000, exclusive of site, if the trustees of the Racine County War Relief fund will appropriate that amount now remaining in the treasury for that purpose.

CUPID GETS BUSY

MANITOWOC—Cupid hit a merry clip in Manitowoc county for 1919 and rolled up a total of 466 marriage licenses against 239 for 1918. March was the poorest month in two years, only six permits being issued but October came to bat with 81 against 18 for the same month in 1918. June, 60; Sept., 69; and Oct. 31, were the biggest months.

MAY LOSE GUARD UNIT

NEENAH—Neenah is facing the loss of representation in the national guard, which it has held for years. Unless a final drive, which is to be made soon, results in enough enlistments to bring the company up to full peace strength, the charter may be given to another place, military officers assert.

OBITUARY

MRS. MARTHA ERICKSON
Mrs. Martha Erickson, aged 80, of Rio, died at the home of her daughter, Mrs. Oscar Olson, 733 E. Gorham st., Sunday morning at 3:30 o'clock. She has been ill only two weeks.

Services will be held Tuesday afternoon at 2 o'clock from the home, in charge of Rev. Siljan.

P. A. PETERSON

Peter A. Peterson, aged 37, died at the home of his parents, Mr. and Mrs. John Peterson, 2118 Fair Oaks ave., Sunday afternoon of a complication of diseases. Mr. Peterson came to this country with his parents from Thotun, Norway, at the age of 2. Surviving him are his parents, four sisters, Josie and Ella of Madison, Clara of Portage and Julia of Milwaukee, and three brothers, Julius and John of Madison and Nels of Portage. Another brother, Elmer, was killed in action in France.

Services will be held from the home at 1:30 Wednesday afternoon.

SOCIETY

Announcements have been received in Madison of the marriage of Miss Katherine Warren Browne, daughter of Representative and Mrs. Edward E. Browne, Waupaca, Wis., and William J. Camlin, Rockford, Ill., which took place New Year's day at All Souls Memorial church, in Washington, D. C., Rev. J. McBride Sturtevant officiating.

The bride was given in marriage by her father. She wore a charming gown of white Chalmers, combined with white chiffon and trimmed with pearls. Her full veil, becomingly arranged with a coronet of orange blossoms, fell in graceful folds to the end of her long satin train and she carried a showed bouquet of bridal roses and lilies of the valley. Miss Helen Browne, who graduated from the University of Wisconsin last June, attended her sister as maid of honor, and Miss Charlotte More of Walton, N. Y., was bridesmaid. They were frocks of apricot satin trimmed with ostrich fronds of the same shade. Their hats of silver lace were trimmed with ostrich tips and tiny French flowers, and they carried bouquets of sweetheart roses. Harold Camlin of Rockford, brother of the groom, acted as best man, and the ushers were Russell Bloxton of Louisville, Ky., and Edward L. Brown, Jr., brother of the bride, who is now a student at the university and a member of Sigma Chi.

A reception was held at the home of the bride's parents on Underwood ave., Chevy Chase, Washington, for immediate relatives and a few intimate friends, after which Mr. and Mrs. Camlin left for a wedding trip. They will make their home in Springfield, Ill., where Mr. Camlin is assistant engineer in the highway commission. Both the bride and the groom are graduates of the University, class of 1918. Mrs. Camlin being a Kappa Alpha Theta, Mr. Camlin a Sigma Alpha Epsilon.

The United Women's club will hold its annual banquet and meeting at the home of Mrs. John Haussmann, 438 N. Lake st., Thursday evening.

Fred Payne of St. Paul returned home Friday after spending the holidays at the home of his niece, Mrs. Jas. McNicol, who gave a Christmas dinner party in honor of his visit. The guests were Mr. and Mrs. Orrin Hayes, brother and sister-in-law of the hostess, Mrs. Flora Stevens and D. F. Austin. The dining room was prettily decorated in red and green; the stars and stripes were draped in the double doors; and a large Christmas tree was loaded with gifts for all. Last Monday night a theatre party was given for Mr. Payne at the Fuller.

Miss Margaretta E. Marx, sister of Miss Lorraine Marx, Dow court, and Arnold A. Breunig will be married Wednesday morning in St. Norbertus Catholic church at Roxbury. The bride's gown is of white net over white satin and she will carry a shower bouquet of white roses, and lilies of the valley. The couple will live in Sauk City. Madison guests are to be the bride's uncle and aunt, Mr. and Mrs. John D. Marx, South Madison. Mr. and Mrs. Joseph N. Geier, West Doty street, Mr. and Mrs. Norbert Schweppel, and Misses Lorraine and Margaret Marx and Inga Larson.

Mrs. Olive Pomeroy, Elmside boulevard, announces the marriage of her daughter, Rilla, to Conlin Stewart of Waushara, the wedding to take place in Madison this week.

Mrs. Percus Smith, E. Wilson st., was honored at a surprise party Friday night, the event being her seventy-sixth birthday. The guests were Mesdames Sarah Askew, Jennie Askew, Augusta Heyl, Lizette King, Frances Gramma, Justine Sorenson, Katherine McKenna, Alice Drake, Barbara Jesseberg, Elizabeth Derolf, Ira Peabody and Mrs. Smith's sister, Mrs. Etta Andrews of Denmark, S. D. A si o'clock luncheon was served.

Madison friends will be interested to learn of the marriage of Miss Genevieve Bennett and Harry Edward Carthage, New Year's day at the home of the bride's parents, Mr. and Mrs. Joseph Trevorton Bennett in Lancaster. A group of classmates of Miss Bennett, while at the university where she graduated with the class of 1917, were among the guests. Mr. Carthage also a graduate of the university law school, is at present the junior member of the law firm of Brown, Brennan and Carthage.

The Bennet home was singularly attractive, the scheme of decoration used throughout the rooms being stately baskets of pink roses and stately white background of holly and mistletoe. The bride's gown was white georgette crepe and she carried a bouquet of orchids and bride's roses. Her veil was held with orange blossoms. The only jewel worn was a necklace of platinum set with diamonds, the gift of the groom. Mr. and Mrs. Bennett shared honors and congratulations with the bride couple, the date and hour being the thirtieth week place of their marriage which took place at the home of Mrs. Flora S. Keenan, 7 E. Gilman st., this city. George H. Keenan and Miss Keenan were married at 2 from Trinity Lutheran church, Rev. J. N. Walstead officiating. Interment is to be at Forest Hill.

Woodman circle, Palm Grove, No. 7 holds an open installation meeting at 8 o'clock Wednesday evening at the Moose club.

Randall school Parent-Teachers' association meets at 8:30 Friday in the auditorium, when the day in the auditorium, when the matter of supplying lunch will be pupils mid-morning conference of parents considered, and teachers regarding the most suitable means of co-operation by the parents will be a feature of the meeting.

The literature department of the Madison Woman's club Mrs. Edward T. Baillie, chairman, meets Tuesday afternoon at 2:30 o'clock in the parlors of the Woman's building. Mrs. Ernest N. Warner will give notes on

"All My Troubles Are Over," Says Manufacturer

Milwaukee Man Says Nothing He Ate Agreed With Him—Tanlac Proves Merit

"Well, it hasn't been long since I told you what Tanlac did for my wife, now I want to tell you of the good it has done me," said Emilio L. Sauter, cigar manufacturer, 860 Teutonia avenue, Milwaukee, Wis., recently to a Tanlac representative. Continuing, he said:

"For fully a year before I began taking Tanlac my stomach had been in a terrible bad condition. Nothing I ate agreed with me and I had indigestion something awful. I became so badly nauseated after each meal it was very seldom I was able to retain a thing I ate. I also suffered with rheumatism in my legs, arms and shoulder blades, which pained me so at times I could hardly stand it, and at one time I had to lay off from work for three weeks because the stomach trouble along with the rheumatism got me in such bad condition. I was just unable to do a thing. My nerves became so badly shattered it was almost impossible for me to get a good night's sleep, and I would become so restless I would lie awake for hours at a time after going to bed without ever closing my eyes. There was a pressure in the top of my head all the time, and I was bothered a great deal with dizzy spells and sharp shooting pains in the region of my heart. I was badly run down and, felt tired and sluggish all the time. I was in this condition when I bought Tanlac for my wife and decided I would try it also, and I am glad to say that it has completely overcome all my troubles. I can eat anything I want without the slightest sign of nausea, and I enjoy every meal. The rheumatism had left me entirely and also the pressure in the top of my head has stopped. I can sleep all night long without ever waking up. In fact, I could not ask for better health than I am enjoying now. I hope that what I say of Tanlac will be of benefit to some one who may be suffering as I was, for I am certain it will do them as much good as it has me."

Tanlac is sold in Madison by Luckey Pharmacies, in Jefferson by W. A. Perkins, in Middleton by Dr. A. M. Teckam, in Stoughton by Dr. N. Falk & Son, in Sun Prairie by W. L. Schultz.—Adv.

Pendennis and the book is to be reviewed by Mrs. John A. Hazwood. A paper on the English college will be read by Mrs. L. E. Stevens and a comparison of George Eliot and Thackeray will be given by Miss Mary McGovern. Mrs. J. D. Phillips is to read from The Mississippi Bubble.

The parliamentary law class of the Woman's club meets Wednesday afternoon at 3 o'clock in the Woman's building. Members are requested to bring their copies of Roberts' Rules of Order.

The Woman's Aid society of the Trossdale Methodist church holds a meeting Thursday afternoon with Mrs. Charles M. Cleveland, 1442 Chandler st., Mrs. Louis W. Parmen assisting.

THIS NURSE ADVISES

Women Who Are Ill To Take Lydia E. Pinkham's Vegetable Compound.

East Rochester, N. Y.—"I have used Lydia E. Pinkham's Vegetable Compound for several years and think it fine. I am a practical nurse and when I get run down and nervous I take the Vegetable Compound. I also have trouble with my bladder when I am on my feet and Lydia E. Pinkham's Sanative Wash relieves that. I have recommended your medicine to several young ladies who have all benefited by it."—Mrs. AGNES L. BELLows, 306 Lincoln Rd., East Rochester, N. Y.

Young women who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion should take Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by this root and herb remedy.

DESSERTS
Cinnamon Loaf Cake—Three-quarters cup of sugar, yolk of one egg, four tablespoons of shortening. Cream until light lemon color and then add one and one-quarter cups of flour, two teaspoons of baking powder, one-half cup of milk, one teaspoon of cinnamon extract. Beat to a smooth batter and then cut and fold in the stiffly beaten white of egg. Pour into well-greased loaf-shaped pan and bake in moderate oven for forty minutes. Cool and spread with following mixture: Six tablespoons sugar, one tablespoon of cornstarch. Sift to mix and then add one teaspoon of lemon juice and sufficient boiling water to spread. Mark off into slices with a knife dipped into hot water.

Fig Pudding—Place in a mixing bowl one cup of finely chopped suet, two cups of bread crumbs, one cup of flour, one tablespoon of baking powder, one-half teaspoon of salt, one teaspoon of nutmeg, one tea-

spoon of cinnamon, one cup of chopped figs, juice of one lemon, grated rind of one-quarter lemon, one cup of syrup and three-quarters cup of water or milk. Mix thoroughly and pour into a well-greased mold. Cover the mold (a one-pound coffee can makes a good mold for this pudding), filling the mold about three-quarters full of the mixture. Place in a kettle and fill to about two-thirds of mold with water. Bring to a boil and cook for one and one-half hours. Serve the pudding with cream or vanilla sauce; it may be reheated or fried.

Fried Fig Pudding—Cut slices of left-over pudding about three-quarters of an inch thick and then dip in batter and fry golden brown in not fat. Serve with lemon sauce.

FAVORITE RECIPES
Vegetable Pie—One cup diced potatoes, one cup diced carrots, one onion, two or three tablespoons canned peas (left over), one cup beef gravy (also a leftover), salt and pepper. Put in covered baking dish, add a cup of water and cook in moderate oven for an hour.

Remove lid and cover with biscuit

dough rolled three-eighths inch thick. Bake twenty to twenty-five minutes or till dough is well browned. This makes a substantial one-dish meal which is satisfying without being heavy, and which uses any bits of leftover meat or vegetables. Sage, parsley or any preferred seasoning may be used.

Baked apples—Pare, cut in halves and core apples which hold their shape well when cooked. Place cut side down in a baking dish and pour over a cup of water in which has been dissolved a cup of sugar and a cup of grapejuice. Bake slowly till apples are done and have absorbed the liquid.

When cold place two halves together in sauce dish and top with a spoonful of whipped cream.

42 PERCENT OF ALL MILWAUKEE CHILDREN WORK

Industrial Commission Gives Review of Child Labor Conditions in State

Forty-two per cent of all children in Milwaukee, between 14 and 17 years of age, are employed on child labor permits, as shown by a survey which has been made by the industrial commission. Of this number 67 per cent began work when they were 14 years of age, and 45 per cent during the first six months of their 14th year. The commission reports that it is a common occurrence to have a child celebrate his 14th birthday by securing a work permit. The survey also shows that the majority of permit children have more education than is required as a minimum under the Wisconsin law before work permits may be granted. Three per cent of the permit children had not finished 5th grade, and 17 per cent had not completed the 6th grade.

Both in Milwaukee and in the rest of the state, there has been a considerable decrease in the number of child labor permits during the last year. This is the result of the special efforts which have been made to keep children in school, and of the wide publicity given to the hazards which employers run when illegally employing children. Another factor operating to reduce the number of child labor permits has been the minimum wage order of the industrial commission, and in Milwaukee the requirement that no permits be granted unless the children applying are certified as physically qualified by the public health department or a competent physician.

The issuance of child labor permits is by law centralized in the industrial commission, which has appointed permit officers throughout the state. In Milwaukee the commission issues all permits itself. This is a part of the work of the women's department, over which Miss Maud Swett became director Jan. 1, succeeding Miss Tracy Copp, who has become employment manager for Strouse Bros., Baltimore.

The other deputies in the women's department are Edna Kuhnert, minimum wage deputy; Genevieve Hendricks, child labor permit deputy; Melba Roach, Myra Emery, Margaret Risher, general deputies, and Irene Klotz, office deputy.

The commission expects that during this year the women's department will be able to do much more in the smaller industrial communities in the state than heretofore. Efforts will be made to render assistance to employers in observing the child labor law, the women's hours of labor law, and the minimum wage law. These laws have all been recently published by the industrial commission with annotations, to make clear to employers the requirements of the statutes.

Badgers Must Wed in Own State Says Judge

LA CROSSE, Wis.—Marriages performed outside of the state of Wisconsin, uniting persons who return to this state to live after the ceremony has been performed, are void, according to an opinion by Judge E. C. Higbee of the circuit court in denying an application for divorce made by a woman who had been married at Winona, Minn., 12 years ago. The ruling is in accord with that of Judge Halsey of Milwaukee, who ruled recently regarding marriages at Waukegan. The opinion will raise a grave question here, as many La Crosse couples have been married in Winona.

Southwick to Give Reading Here Jan. 12

A dramatic reading of Richard Sheridan's five-act comedy, "The Rivals," will be given by Henry Lord Southwick, president of the Emerson college of oratory, Boston, Monday night, Jan. 12, at 8:15 in music hall. An advance ticket sale beginning Monday will run until Wednesday night. Orders should be sent to B. L. Carter, 323 Clifford court. The entertainment is to be given under the auspices of the forensic board of the university.

Twin Lions Born

Nero and Claudia, Zoo Pets, Parents of Cubs Born Saturday Night.

Locked doors at the lion house in the Henry Vilas park zoo disappointed many a youngster and a number of older people yesterday, who had come to see the twin babies of Nero and Claudia, king and queen of the zoo, born Saturday night.

Nero and Claudia are Abyssinian lions, fine specimens, and their children, who weighed about 8 pounds at birth and are doing well, promise to be just as powerful as their parents.

Both Claudia and Nero, during such an event as the coming of the babies, are fiercer than at any other time. Claudia, with the babies hidden by curtains, is fairly peaceable, but Nero is restless and ugly and is roaring in such a manner as to frighten thoroughly all other inhabitants of the zoo. The cubs will not be on view for at least a week or so.

DIETRICH JOINS WILLARD R. DENU

Two Well Known Opticians Now in Business in the Pioneer Block

W. H. Dietrich and Willard R. Denu have formed a partnership in the optical business located in the Pioneer block.

Mr. Dietrich has for the past 20 years managed the optical department in Averbek's jewelry store.

Mr. Denu, president of the Wisconsin Association of Optometrists, with 12 years' practice in optica, has been located in their present quarters for the past seven months.

They are pioneers in the optical trade, having introduced lens grinding in Madison which makes it possible for them to give their patrons prompt service.

They are both members of the American Optometric association and the Wisconsin Association of Optometrists, having taken active interest in the latter in securing legislation which has eliminated the traveling optical faker from the state of Wisconsin.

Jeanne L'Hommedieu Fish Here Thursday

An event of the coming week will be the song recital at the Woman's building Thursday evening, when Jeanne L'Hommedieu will sing for the benefit of the war babies of Italy. The large number of people who enjoyed Miss L'Hommedieu's singing years ago will be delighted with the greater range and power of her voice and with the songs she has selected for this program.

The "Songs of the Hebrides" and their piano accompaniment (to be played by Miss Alice Regan) are imbued with the atmosphere of the northern islands from whence they came. The groups of old English songs and those of modern France have their own distinctive quality, and their interpretation by Mrs. Fish cannot fail to make the recital a memorable event.

New Italian Loan to Reach 15 Billion Lire

PARIS.—Italy will soon launch a new five per cent loan, which will be issued at 87 1/2 and is expected to reach 15 billion lire, according to Premier Nitti.

Dietrich---Denu

W. H. Dietrich and Willard R. Denu wish to announce that they have formed a partnership for doing an exclusive optical business. Being located on the ground floor, Pioneer Block, next to the Orpheum Theatre.

They have two complete modern equipped examination rooms.

One complete unit for the grinding of lenses and shop equipment for turning out a complete pair of glasses.

Cured of Dropsy, Bronchitis and Erysipelas

Bronson, Mich.—"I wish to acknowledge the great benefit I have received from the use of Dr. Pierce's Golden Medical Discovery, thinking some one else may try it and be cured as I have been. In Jan., 1917, I was so badly afflicted with bronchitis, dropsy and erysipelas that my doctor had given up hopes of helping me. At one time I was in bed all night, and I was so weak I could not get up. I was taken with a lame back, it didn't bother me in day-time but I could hardly stand it at night. I was in bed all night; it was something new for me. I never have the backache. I got a bottle of the 'Favorite Prescription' and a box of 'Pelle's' and before I had taken half my backache left me and I haven't felt any more of it."

Lame-Back and Liver Trouble

Bagby, Mich.—"I gladly say I have taken Dr. Pierce's Favorite Prescription, Golden Medical Discovery and Pleasant Pellets, all with good results. At one time a few years ago I was in California and I was taken with spinal and liver trouble. I was taken with a physician and he gave me some medicine but he did not help me. I took Golden Medical Discovery and it helped me so I started for home, which was in Grand Lodge, Mich. I have taken Dr. Pierce's medicine several times since, and always got relief. Then last spring I was taken with a lame back, it didn't bother me in day-time but I could hardly stand it at night. I was in bed all night; it was something new for me. I never have the backache. I got a bottle of the 'Favorite Prescription' and a box of 'Pelle's' and before I had taken half my backache left me and I haven't felt any more of it."

"I recommended the 'Prescription' to my daughter-in-law and she has taken it and says it helps her."

"I know Dr. Pierce's medicines are all they are claimed to be. I like them, and they always help me."—MRS. J. F. HANER, R. R. 2.

Constipation and Bad-Blood

Adrian, Mich.—"I have used Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Pleasant Pellets. I used the 'Pelle's' for a very bad case of constipation, which had troubled me for a long time. They cured me, so I am never bothered any more. I used the 'Golden Medical Discovery' for my blood, and found it a splendid medicine as well. I can highly recommend Dr. Pierce's medicines."—MRS. JULIA BECKS, 810 Chestnut St.

Englishmen Fined for Risking Lives

GRIMSBY, Eng.—"England has enough widows and orphans," declared a magistrate in imposing fines of \$225 each on seven captains of fishing vessels who took their ships into mine-infested waters in the North sea in order to make larger catches. Agents of the British admiralty, which had banned these waters for fishing purposes, prosecuted the cases.

Become Slender A Simple, Guaranteed Method

If you would like to lose, weekly, from one to five pounds of burdensome fat while eating and drinking all you need, also enjoying life far better than at present, just follow this advice:

Take seven deep breaths of fresh air each morning and evening; after each meal take a little oil of korein, eat all you need, but chew thoroughly, and follow other simple directions of the guaranteed KOREIN system.

Men and women who were waddling around with heavy, sluggish bodies have, in many cases, reported a gradual, agreeable reduction of thirty to eighty pounds, with beneficial results to health and figure. This very season is the time to become slender, attractive, vivacious, and healthy, very really. Get off of korein at the drugstore; it comes in capsules, convenient to use and is now sold at before-war low price. Weigh and measure yourself "week by week." You can scarcely realize the joy that awaits you in normal symmetrical figure, with good health and longer life. Show others this advertisement.

Regular Habits Produce a Beautiful Complexion

Daily elimination rids the system of poisons. Women should realize that!

MANY women complain daily of their complexion, of their headaches and general ill health, little realizing that the trouble is constipation. Women, too, are much more subject to such congested conditions, the result is seen in lusterless, weary eyes, in sallow, pimply complexion, in lassitude, bad breath, and in that word so often used, "indisposed."

At the first sign of these symptoms the wise woman will take a laxative, and will see that the young girl and others in her care do likewise. Dr. Caldwell's Syrup Pepsin is the favorite with thousands of women because it is mild and gentle in its action and in the end trains the stomach and bowel muscles to do their work naturally without the aid of medicine.

This combination of simple laxative herbs with pepsin, which can be bought at any drug store, is also a very sterling first-aid in colds, fevers and other sudden ills

that make it advisable to always have a bottle in the home. It is free from narcotics and safe for the tiniest baby.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest-selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

friends of Big Business in Wisconsin are especially friendly toward the present leaders of the Equity Society.

They point to the lavish praise that was bestowed upon Tittmore and his followers during the recent convention by such arch-defenders of privilege as The Milwaukee Sentinel and many other reactionary papers in the state. These papers contended that Tittmore was the "conservative" leader among the farmers of the state against the "radicalism" of The Nonpartisan League.

The league leaders contend that this only shows that privilege fears nothing from the Equity society as at present constituted and that the real aim of Big Business is to retard the growth of the Nonpartisan League, fearing its power and organization.

Why, ask the Nonpartisan leaders, is it that the Tittmore followers are being petted and caajoled and praised by the interests that have always exploited the farmer? And why are these same interests so bitter toward the Nonpartisan league?

That is an issue that is going to be carried to the farmers of Wisconsin in the next nine months. League organizers, league meetings, equal literature and league newspapers will carry the message to the farmers.

HINDOOS GIVE BRITISH WORST OF HOT BATTLE

English Forces Unable to Make Headway Against Natives; Casualties Heavy

MANDANNAKATCH, India—The fiercest fighting ever experienced on the Indian frontier has been in progress during the last three days, in which the British casualties have been heavier than those in the entire campaign in the Tirah district in 1897, while the hill tribesman suffered as never before.

The Mahsuds displayed the utmost determination in opposing the operations of the British expeditionary force, resisting in the most stubborn manner the British attempts to advance.

\$400,000 Purse May Bring World Championship Scrap To California

Coffroth's Offer of \$300,000 For Winner and \$100,000 For Loser Suits Dempsey, Report

Bout Would be 45 Rounds—Promoter Has Agent After Carpenter

(By the Associated Press)
LOS ANGELES—Jack Dempsey, world's heavy-weight champion was busy with his motion picture work today and referred to his manager, Jack Kearns, all inquiries about his prospective match with Georges Carpentier of France, European champion, which Kearns announced Sunday night would be 45 rounds long and would be staged at Tijuana, Lower Calif., under the auspices of James W. Coffroth, 12, California, who is known among Pacific coast sportsmen and president of a racing association at Tijuana, had offered a \$400,000 purse for the match and that it was the best offer received.

Kearns spoke of a division of the purse on a basis of \$300,000 to the winner and \$100,000 to the loser as thoroughly satisfactory to him and stated Coffroth had an agent, Chas. Harvey, in Europe, attempting to induce Carpentier to sign a contract to meet Dempsey at Tijuana.

Kearns said he thought such a match would draw gate receipts of \$750,000. Dempsey has been in light training for several weeks. He announced some time ago that he would keep in such condition all the time that two weeks real training would fit him for the fight.

INDIANAPOLIS CHOSEN FOR CENTRAL STATES PIN MEET

CINCINNATI—Indianapolis was selected as the 1920 tournament city at the annual meeting of the Central States Bowlers' association. The territory covered by the association was increased from a 175 to a 200 mile radius, which takes in Toledo and Huntington, W. Va. Herman Margard, Sr., and Harry Yockey, both of Cincinnati, were elected president and secretary, respectively.

ROLL 3,064 TOTAL MILWAUKEE

MILWAUKEE—The Business Men's league rolled their customary high scores at the Langtry-McBride alleys, the Sisson and Sewell team making a total of 3,064. Eleven bowlers went about the 600 mark.

ROUNDY'S CORNER

Mead Durbrow came home from Chicago for Christmas to rest up. But he went right back, as he said the curfew woke him up every night here.

From the way Harnett of the C. M. & St. Paul league slips around on his feet after delivering his ball he should use roller skates and take a good skate down the alley while he is at it.

Gus Meyers wants to know what is the quickest way up town from Greenbush. It is hard to tell. But the slowest is to take a South Madison street car.

King Bacon, the lawyer, bowled 278 at the Park alleys in the Noon league, Friday. He was so happy he didn't go to the office all afternoon. He just roamed all over town telling his friends about the great feat.

The experts now figure that gasoline should sell at 15 cents a gallon for a good profit. How could it? D. sell at that price. If he did, you know he could not give away his \$10,000,000 every year. He could only give \$5,000,000 then, and you know that is not enough, O. No.

Big league managers claim Ty Cobb is slowing up at the old game. We agree with them. He only made two bases on a single last year. O, yes, that looks very much as though he were slowing up.

Oss of Minnesota has two more years left to play. He ought to have all conference teams "ossified" by that time.

Ed Wierka tells me he is going to Sheboygan next week. I asked him why, and he says "I will let you know later about that." "He used to tell me everything."

There was a lot of arguing the other night among some football fans about which was the greatest team Wisconsin ever had. Everybody guessed different years and teams. My guess is that "Cub" Buck is the greatest "team" Wisconsin ever had.

"Chic" Harley is in the hospital after a basketball game. The report must be a mistake, as Wisconsin hit him with every thing except the band leader's club last fall to get him on the way to some hospital, but—you know the rest.

MILWAUKEE BOWLERS ROLL 3,375 TOTAL IN PONY MEET

MILWAUKEE—Jack McBride's veteran Sycamore team rolled into first place in the preliminaries of the state pony tournament at the Calumet club Friday night when they cracked the small pins for a total of 3,375 in three games, setting a new three game record for the event. Their games were 1,059, 1,177, and 1,139. The team, composed of some of the veteran pin knights of the city, bowled consistent ball all the way, getting away with a score of 1,059 in the first game, following with 1,177 in the second, and winding up with 1,139. Orme was the high man for the team, getting 640, the best individual mark for the night.

Madison Has Chance To Bring State Bowling Tourney Here In 1921; Record Membership

Special Meeting Next Sunday Afternoon—32 Teams for Manitowoc

That Madison has been given considerable encouragement in its plans to hold the state championship bowling tournament here in 1921 and that no stone will be left unturned to bring the meet to the Four Lakes city is the announcement of President Fred Kramer of the Madison Bowling association, which will hold a special meeting at the Association of Commerce rooms next Sunday afternoon at 2 o'clock. Letters from the Association of Commerce and Mayor Sayle have been sent to the executive committee of the W. B. A. Every member of the 82 teams which have signed up for the state tournament at Manitowoc, Feb. 7, 8, and 9—Madison Days—is especially urged to attend. Singles and doubles entries must be in today.

With 1,000 members at present, the Madison Bowling association can claim the largest in the world according to the size of the city is the belief of President Kramer who reports that there are now 14 sanctioned leagues in Madison and that the number of teams bowling regularly every week is over 200, only a small number of which do not belong to the association. P. C. J. Don Mowry estimates that there are about 1,800 bowling every week on Madison's 40 alleys.

At the Rockford Inter-State tourney for northern Illinois and Southern Wisconsin teams, which opens at Rockford Friday, Madison will be represented by its premier five, the Pan Dandy Breads. Star teams from Milwaukee, Kenosha, Watertown, Janesville, and Beloit are entered in this meet.

In the Central Wisconsin state tourney at Watertown, Madison will be represented by the Pan Dandys, the Oil-Kippis, the Capitol Alleys, and the Park Alleys, and perhaps a few more teams. The Pan Dandy and perhaps another team or two may enter the International Tournament at St. Paul, Feb. 8 to 16, in addition to the state and national tourneys.

Illinois Coach Retires After 23 Years' Work

URBANA, Ill.—After 23 years of baseball coaching, George Huff has quit. Remaining as director of athletics at Illinois, the most famous and successful of college baseball coaches turns the destinies of the Illini nine over to one of his own pupils, "Posty" Clark.

SWEDISH RUNNER AFTER UNITED STATES PRIZES

Lieut. Anatole Bolin of the Swedish navy, the great middle-distance runner, is in New York and will remain in this country two months. He will participate in indoor races. He holds a Swedish record of 1 minute 54.3 seconds for 800 meters and is also credited with a world record for 1,000 meters, besides holding other Swedish middle-distance records.

STRONG EDISONS DEFEAT HARVESTER FIVE, 53-11

NEW LONDON—Before a packed house the Edisons of New London took an easy game from the Milwaukee Harvesters here, 53 to 11. Springborn and Strange played well for Milwaukee, but it was a disappointed crowd that began leaving the hall before the final whistle. The Harvesters were not as strong as anticipated.

WANT RINK CARETAKER

The skating rink on Lake Monona is reported in good condition. The Association of Commerce is endeavoring to secure funds to pay the salary of a full-time caretaker. "Chip-in" boxes have been placed in Wilka's beachhouse as all who skate are expected to help pay the expense of up-keep.

EXPECT BIG ICE CROP

It is estimated that by Jan. 15 cutting will be ended and 25,000 tons of ice will have been stored away. Conklin and Sons began operations two weeks ago with 78 men on the job.

NEW BANK STARTED

EAU CLAIRE—Chippewa Falls is to have a new bank. Practically all of the stock for the new institution, which will have a capital and surplus of \$125,000, has been disposed of. The name of the bank has not yet been decided upon. It will be a state bank. It is planned to open for business early in the spring. Chippewa Falls has three banks at present.

MOVIE PRODUCER MAY BUY COAST BASEBALL CLUB

Thomas H. Ince, motion picture producer, may purchase Portland club of the Pacific Coast Baseball league, according to recent announcements. In case he appears in the role of owner, it is expected that "Chief" Meyers formerly of New York Giants will be the manager.

ON THE ALLEYS

Happenings in the Madison Bowling World Told for the Fans.

The Wisconsin league, in which the Kennedy Dairys have a walkway, can boast five 170 bowlers in their latest averages: O'Connor, 178; Hardy, 176; Waterman, 175; Green, 175; Schar, 172. Eight 160 bowlers: R. E. Lawrence, 169; Hummel, 168; Steinauer, 168; C. D. Morgan, 166; Val Rideout, 162; Butler, 162; Job Pearson and Nick Falz, 160. Seventeen 150 bowlers: Earl Lewis, 159; Haake, 159; Jimmy Lewis, 157; Kirkpatrick, 157; Ross, 156; J. S. Main, 156; Ellostad, 155; Dexter, 155; Gilis, 154; Sanderson, 154; Hanke, 152; D. E. Morgan, 152; Runkel, 152; A. Radl, 150; Miller, 150. Seven bowlers in the 140 class: Wearnisch, 147; Jensen, 145; Luetscher, 145; W. Dobson, 145; Kessenich, 141; Krechl, 141; D. Ford, 141. And eight in the 130 class: Marsh, 138; Cramton, 137; Hatter, 137; Smith, 136; D. Dobson, 134; R. Pearson, 133; Tandvig, 133; Driscoll, 131.

five is five games behind the Chesterfields and three games ahead of the Oil-Kippis and the K. K. S.

"Skinny" Knoche is leading the individual average column of the Capitol Alleys league with 193, and Mohrhauser is reposing in the cellar with 168, only 25 pins behind the leader, all of which would seem to indicate that the pin-smashing in this league was of a superior brand—and it is.

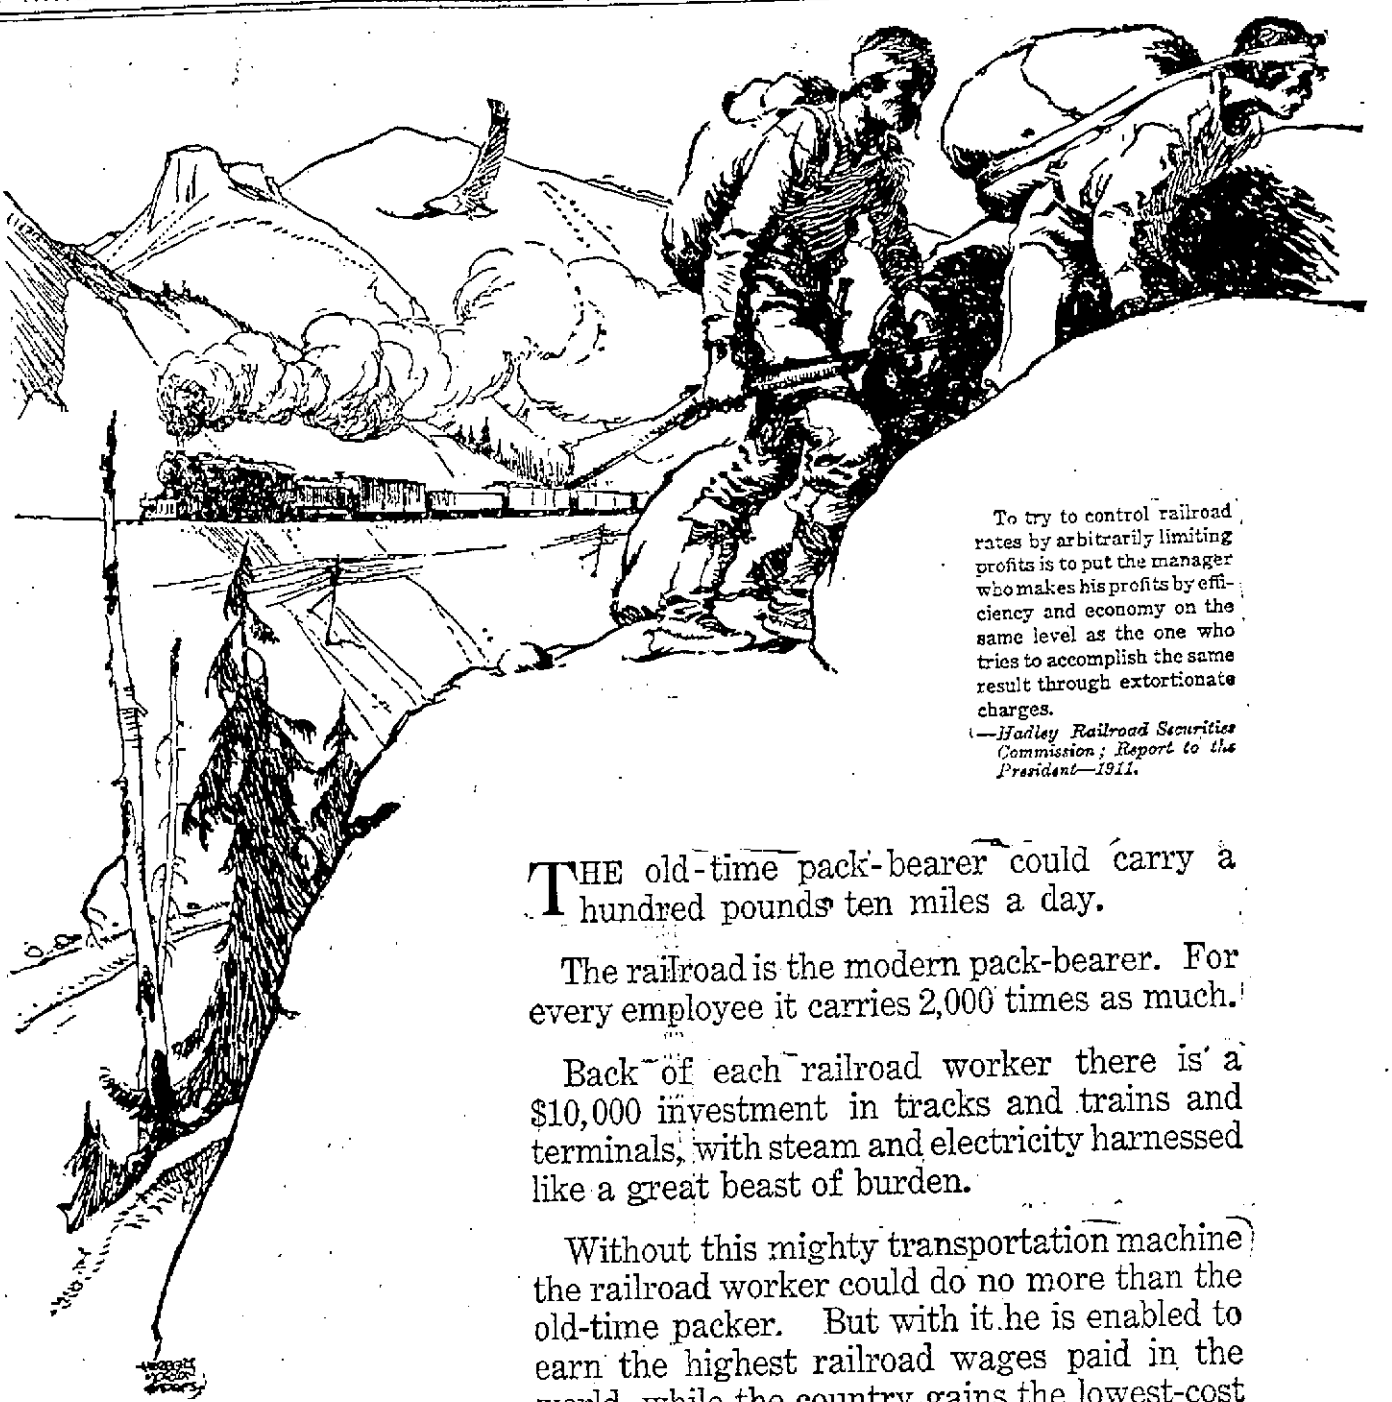

The six teams in the league are so evenly matched that it is not at all unlikely to have the Pan Dandy Breads, leaders, drop two games a night to the Kelly Kant Slips, or the Pearson and Nick Falz, or the Klips, co-partners in the basement. The pin-busters on the Pan Dandy outfit are winning their laurels by the sweat of their brow, and it's no ordinary sweat.

The Capitol Alley five is right on the heels of the Pan Dandys, only one game separating the two teams. The Chesterfields are five games behind the Capitol quintet. The Park

Stadelman of the Claws aided his team materially in downing the Birds in two out of three in the Eagles' league with a surprising 222 in his third game. It enabled the Claws to win the third game by a 80-pin margin. Kraft, 211, and Brandenstein, 200, were other good scores.

WANT BASKETBALL GAMES

The Holy Redeemer All-Stars are after games with 13 to 15-year-old teams averaging between 70 and 80 pounds. Manager George Koenen can be reached at B. 5386.

THE old-time pack-bearer could carry a hundred pounds ten miles a day.

The railroad is the modern pack-bearer. For every employee it carries 2,000 times as much.

Back of each railroad worker there is a \$10,000 investment in tracks and trains and terminals, with steam and electricity harnessed like a great beast of burden.

Without this mighty transportation machine the railroad worker could do no more than the old-time packer. But with it he is enabled to earn the highest railroad wages paid in the world, while the country gains the lowest-cost transportation in the world.

The modern railroad does as much work for half a cent as the pack-bearer could do for a full day's pay.

The investment of capital in transportation and other industries increases production, spreads prosperity and advances civilization.

To enlarge our railroads so that they may keep pace with the Nation's increasing production, to improve them so that freight may be hauled with less and less human effort—a constant stream of new capital needs to be attracted.

Under wise public regulation the growth of railroads will be stimulated, the country will be adequately and economically served, labor will receive its full share of the fruits of good management, and investors will be fairly rewarded.

HOSPITALS HERE DOCTOR SAID TO HAVE VIOLATED CASES IN 1919 DOPE SALES ACT

General Hospital Has 3,024 Patients While St. Mary's Has 2,408

The \$250,000 campaign conducted last fall to build a new wing on the general hospital, featured the work done for the hospitals this year by the state. Although but \$85,000 of this amount has so far been realized, the work of raising the remainder is still going on, and it is hoped that work on the wing may be begun by next autumn.

The hospital has at present accommodations for 108 patients. The nursing force is headed by Miss Grace Kniff. H. N. Thuston is business manager. This year there were 61 patients in the training school as compared with 58 of last year. The largest number last year was due to the fact that there was a shortage of nurses all over the country and the hospital authorities felt that it was the duty of the organization to train as many women for this work as possible.

The total number of cases treated in the hospital during the past year was approximately 3,024, as compared with 2,776 for 1918. The daily average in 1918 was 79.9 cases, in 1919 it was 81. The total number of cases at the hospital during the epidemic was 345.

There were 324 births and 88 deaths at the hospital during 1919, while in 1918 the figures recorded were 308 births and 150 deaths. The large number of deaths in 1918 were due to the influenza epidemic. Although the number of cases treated at the hospital during 1919 was larger than that of 1918, the daily population of the hospital was little larger than last year owing to the limited facilities. The increase may be accounted for in the shorter time that patients remained at the hospital, thus making room for others.

A financial statement comparing the two years, 1918 and 1919, follows:

1918	1919
Cash receipts from hospital	\$82,210.02
Cash receipts from all other sources	19,238.73
Total	\$101,448.75
Disbursements for year	\$100,800.64
Balance	\$648.11

1918	1919
Cash receipts from hospital	\$99,333.33
Cash receipts from all other sources	18,452.44
Total	\$117,785.77
Disbursements for year	\$116,342.72
Total	\$1,443.05

St. Mary's hospital has also had an unusually busy year. Of the 2,408 patients treated in 1919, 229 received free care, 50 paid part of their expenses, the rest paid in full. The Catholic patients numbered 1,327. There were 1,078 surgical operations during the year, and the hospital was at all times so crowded that frequently people had to be turned away. The nursing force of St. Mary's consists of 26 nurses. A trained pathologist, a sister, and a physician have recently been added to the staff and 2 more internes are to be added soon.

A fully equipped laboratory has been installed. Records of every patient are kept, this having been made possible through the untiring efforts of the doctors. During the year 2,000 examinations were made.

Dr. A. S. Andrews, Superior, was arrested on New Year's day by U. S. Marshal Frank O'Connor, charged with selling narcotics in violation of the Harrison drug act. He is now under bonds in Superior. Dr. Andrews paid a fine of \$750 less than a year ago when convicted of the same charge.

H. S. Deff, Saxon, was arrested by the marshal Jan. 2 and held under bonds, charged with a violation of the war time prohibition act.

Department of Justice Denies Radicals Have Machinery Ready to Operate

WASHINGTON—Radicals taken in the government raids of communist labor parties have all machinery set for fighting desperately against deportation, it was announced Monday the department of justice. Lawyers have been engaged in practically every city where raids were made and officials predicted they would take advantage of every technicality under their clients' actualities to delay their removal from their native lands.

In view of this, Assistant Atty. Gen. Garvan gave instructions to speed the work of completing the chain of evidence to make deportations certain. Assembling the data presents the most difficult problem immediately confronting the government, officials said. Mr. Garvan said there must be considered the likelihood that many might attempt to show they renounced their affiliations prior to the entire alien membership of the communist and communist labor parties were deplorable subjects.

Habeas corpus proceedings will be employed by a majority, Mr. Garvan believed. Privileges accorded the radicals under present laws with respect to bail also complicate the department's work. Persons held on such charges as have been filed against those taken into custody in these raids may gain freedom on \$10,000 bond. The entire alien membership of the communist and communist labor parties were deplorable subjects.

CONVENTION PLANS MADE
Edward P. Thayer Named Sergeant-at-Arms of G. O. P. Convention

(By The Associated Press)
CHICAGO—The committee on arrangements for the national republican convention today elected Edward P. Thayer, of Indianapolis, as sergeant-at-arms of the big June gathering.

His first and second assistants on the latter duty, Guy V. Howard, of Minneapolis, and McGinnis Hatfield, of West Virginia, will hold the same positions.

The committee voted to rent the Coliseum after Ernest Graham, architect, reported that 1,020 more seats could be added to the big auditorium. These will make the seating capacity 13,187 as against 12,127 in 1916.

The arrangements committee also listened to a delegation from the hotel men's association of Chicago. Managers of the Blackstone, Congress, Sherman, La Salle and other big hostels assured the committee that there would be no advance to convention delegates beyond "present prices."

Provision was made for the appointment of sub-committees on seating, badges, tickets and similar details and the committee returned to meet again in Chicago some time before March 1.

Campaign managers of Gen. Wood, Gov. Lowden, Senator Harding, Gov. Coolidge, presidential candidates, have opened downtown headquarters and are actively canvassing the prospects.

WILLIAM T. EVJUE, Editor

WHAT A FARCE!

THE manner in which the big newspapers attempt to "put it over" the people with silly hypocrisy as an antidote for the high cost of living would be almost amusing were it not that so many people really are fooled by this camouflage.

In the rotogravure section of The Chicago Tribune yesterday appeared a picture of seven gentlemen under which was the caption: "Prices Are Coming Down or They Are Going to Know why." They were given as the Illinois leaders against the high cost of living.

And what a galaxy comprised this group! Occupying the centerpiece was J. Mitchell Palmer, the most reactionary attorney general this country ever had. At his sides sat Gov. Lowden and H. H. Merrick. Lowden is the son-in-law of the Pullman Car Co. and Merrick is the president of the Chicago Association of Commerce and one of the stars of Chicago's money barons. Others in the group comprised C. F. Clynne, a district attorney who doesn't bother any big profiteers; F. O. Wetmore and A. A. Sprague, two Chicago bankers, and R. H. Ashton, president of the Chicago and Northwestern road.

Can't you, Mr. Reader, picture this crowd telling Mr. Armour that the price of beef ought to come down? Isn't it pleasing for the people of Illinois to contemplate the vicious slap on the wrist that Mr. Merrick will administer to some of the Chicago profiteers?

What a farce: the very crowd that is exploiting the people choosing from its own kind to pass upon its own guilt or innocence.

We may hear next that Mr. Palmer has appointed John D. Rockefeller, Jr., to investigate the oil situation. And plenty of kept newspapers will be found to print a picture of John D. with the caption:

"Oil Prices are coming down or John D. is going to know the reason why."

JOHN BULL ON THE GROUND FLOOR

THAT foxy John Bull is still playing his old tricks in garnering the bulk of the world's trade is indicated in reports coming from reputable sources concerning dealings which England now has with Soviet Russia.

England, apparently, has made up its mind that the scheme to overthrow the soviet government via the Kolchak or Denikine route is doomed to failure. English imperialists are beginning to admit that the soviet government seems destined to stick for some considerable time.

Therefore England, as usual, proposes to get in on the ground floor. While still maintaining the blockade against Russia it is reported that English trade envoys are already beginning to deal with Russia and that English goods are already finding their way through the blockade. The blockade evidently is still working against the goods of other nations.

Meanwhile this country is pursuing its futile policy of deportation and incurring, with every person deported, the increased hatred of the Russian people.

England is laying the groundwork for getting Russia's trade; the United States is laying the groundwork for obtaining the enmity of the Russian people.

THE PAPER SITUATION

THE print paper situation is becoming more and more critical.

The paper situation is one that should be viewed with concern by the people of this country who hope for a regeneration of the American press. Hundreds of small papers over the country are being compelled to suspend because of the fact that paper has more than doubled in price. Many newspapers are unable to get paper at any price.

As usual, congress is bankrupt in any proposal to bring any relief. These Washington dummies are afraid to offend the big metropolitan papers and the orgy of gobbling up the available supply of paper on the part of these big papers continues. The big papers get their supply and the little papers get what is left.

If there was less of a yellow streak and more backbone in the halls of congress today relief in the print paper situation would be speedily forthcoming. The huge bulk in the big papers, especially the Sunday papers, could be restricted without injuring the big papers while at the same time the life of many a small paper would be saved.

The Anthony bill which made such a proposal got nowhere in congress. The representatives of a few big papers went to Washington to oppose the measure and that was sufficient for members of congress. As always, congress kow-towed to these big papers and nothing was done.

And now they propose to send men to jail for saying that congress has become the tool of the big interests.

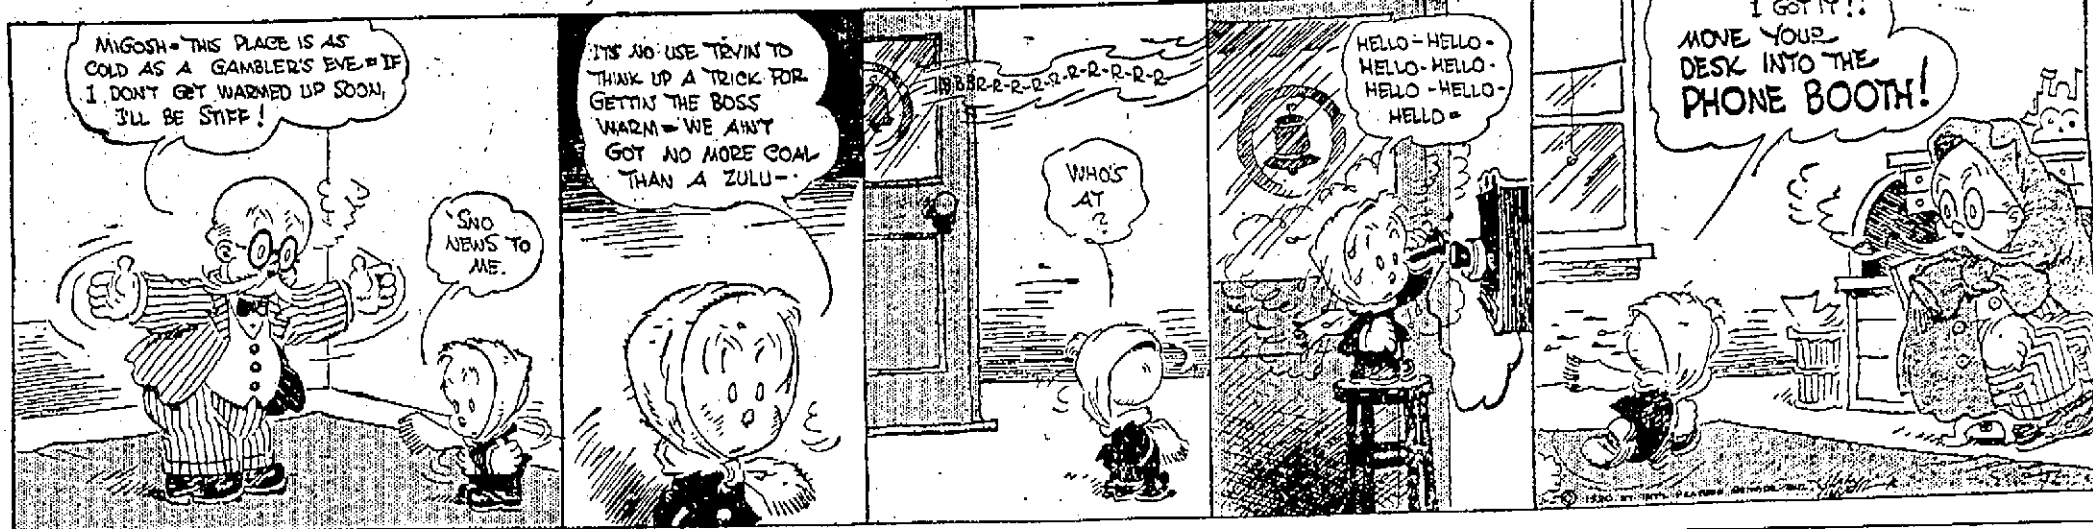

REFUSES NEW SCHOOL

APPLETON—Because the council refused to appropriate \$280,000 for a new school building, Appleton will be obliged to do without for another year with a high school that is much too small to accommodate 100 young people who seek admission. The council held that the appropriation requested is not large enough and refused to increase the

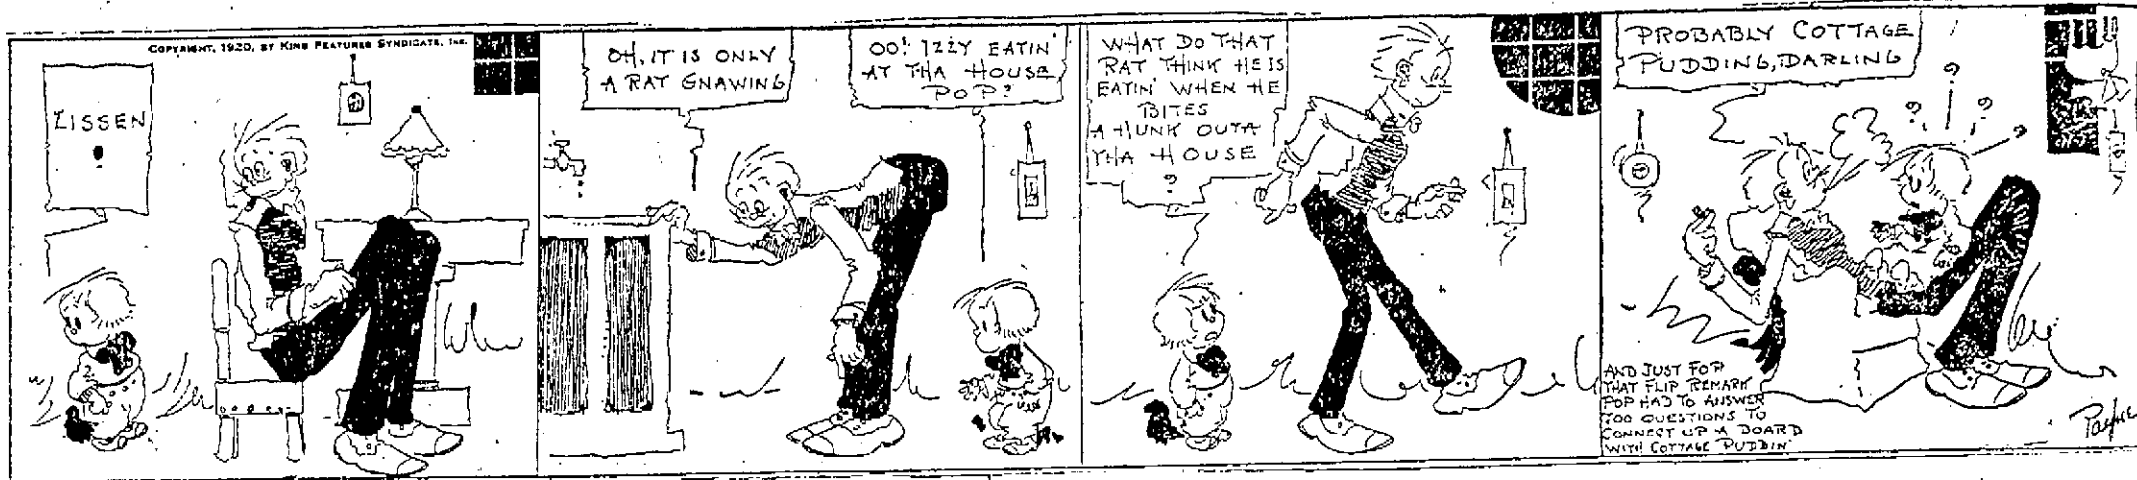

sum on the ground that the city's taxes are now the highest in the state.

EAU CLAIRE—Thorpe J. Wilcox was re-elected president of the Kiwanis club at the annual election by an overwhelming vote. Geo. J. Nash, vice-president; S. A. Molby, secretary and treasurer. This was the first annual election.

AT THE THEATERS

AT THE NEW STRAND

Thos. H. Ince presents CHARLES RAY in "Crooked Straight"

THE NEW STRAND
Charles Ray has another of those country roles which he has made famous on the screen in "Crooked Straight." His new photoplay, produced by Thomas H. Ince, which will be shown at the Strand theatre today and tomorrow. It is about a small town youth who goes to the city to make his fortune, falls into temptation and becomes the accomplice of crooks, then returns to the little country village and makes good with a vengeance.

As added attractions, another Prizma natural colored picture, also Briggs' latest "Days of Real Sport" comedy will be shown.

ORPHEUM

Vaudeville fans who have not seen the show in progress for the first half of the week at the Orpheum are promised a first class treat when they see it. Earle and Edwards in "That'll Be About All," are perhaps the headliners. They certainly bring a lot of original mirth with them. Lasova and Gilmore have a song and dance act that proves highly popular, the dancing especially going well. The Wyoming Trio, who in a wild west and rope twirling contest follow a fine reel of Kingograms, have "something new" and altogether satisfactory. Silber and North's "Bash-foolery" though not new, is very clever. Selma Braatz, the noted lady juggler, closes the bill with a strong act. Old as is juggling, she finds new opportunities in it to entertain.

GRAND

Big things are always looked for when the motion picture fan goes to see Douglas Fairbanks. Everyone knows that his productions will be filled with the inimitable Fairbanks' stunts, but he exceeded everything he ever did in his life in the rattling clever comedy, "When the Clouds Roll By," which is the feature at the

Grand theatre. All told this production is a smashing success. If the production is the sample of what picture stars intend to do when they produce independently, then there is not a single doubt in our minds that independent productions are what the fans want and what the exhibitor in the future will show in his theatres. When "Doug" first decided to produce independently, he started off with "His Majesty, the American," which carried everything before him by storm.

AT THE FULLER

Gerardine Farrar's latest Goldwyn picture, "The World and Its Woman," which is now being shown at the Fuller theatre presents a spectacular seven reel photoplay in which the Russian revolution is the background for the story of the rise of an American girl to fame as a Russian opera singer which is interwoven with the tale of her love for an imperial Russian prince. This picture with Gerardine Farrar and her husband—Lou Tellegen in the leading parts, will be on view at the Fuller today and tomorrow.

DAVID WARFIELD

Seats will be placed on sale at the Fuller box office tomorrow morning at ten o'clock for the coming engagement Saturday night Jan. 10, of David Warfield in "The Auctioneer."

"FAIR AND WARMER"

The bright comedy "Fair and Warmer" comes to the Fuller Thursday night of this week, and the box office sale will open tomorrow morning. Selwyn and company the producers are sending a good acting company and complete production.

Voice of the People

FROM MR. VAN ANTWERP

To the Editor of The Capital Times: In your issue of December 30th, on the front page you published an article headed "Threaten Edit in A. S. of E." The last paragraph of this article reads: "Office to be maintained in Milwaukee by Geo. W. Van Antwerp of Kewaunee County. I ask you to make the following correction. This office is not maintained by the so-called Tittmore forces. Please correct this notice in your paper. Geo. W. Van Antwerp. Sister Bay, Wis., Dec. 1, 1919.

LIKES ROLL CALL

To the Editor of The Capital Times: Inclosed please find check for payment of subscription for your valued paper. It feels good to read a paper that dares to inform the people as to who are the guilty ones in these days of exploitation. Just keep at it and let the people know what is going on. Your roll calls are a fine record to refer to when election time comes. H. H.

THE NEW YEAR

To the Editor of The Capital Times: The annual crop of New Year resolutions will again be plentiful. Many want to give up something bad or weak, and replace it with something good and strong. Some will fail by the wayside. Those that stick will reap their harvest.

This time, however, we are particularly blessed with the best resolution "ever offered to mankind. It is the "World Prayer" heralded all over the globe. No matter what sect or creed you may belong to. It is a Godsend. Read it, study it carefully in its true intent and meaning, then not only pray it, but carry it out to the finish. What we were told and believed was, that the late war would be the last—the end of all wars. That democracy would be universal, and that the world would be a better place to live in. All this sounds well, but each individual must do his or her part to obtain the desired result. No slacking, excuse or delays in such an important matter can be permitted.

The prayer-resolution says in effect: "Let brotherly love take the place of hatred." Certainly very good. Human-Christianship. "Let all grafters, illegitimate profiteers and political bosses beware"—the handwriting is on the wall for you. Capital and labor are going to have a heart-to-heart talk, and labor will receive better compensation (living wages) for what it produces. No escape from it. Conditions, not theories, are bringing about the inevitable result all along the line.

The prayer-resolution when effectively carried out will have a better and stronger foundation for a clean, clear and prosperous League of Nations than any fourteen points the human mind could ever think of, or have it consigned to a political graveyard.

The prayer-resolution is a fair warning to all delegates to political convention that they must take the people into their confidence, find out what they want, act accordingly, and only for the best interests, necessities and general welfare of the masses. Humanity is now the cry from peoples all over the world. It must and shall be heeded. Away with all fine phraseology and alluring promises. The people are daily

becoming more wide-awake. The truth shall henceforth prevail. The words "Industrial Harmony" sound good, but the political party that stands for "Honest Industrialism" will be the winner at our next presidential election. Finally, the prayer-resolution is the very embodiment of the exalted words of the Divine Master, "Peace on earth, good will to men." Let all of us adopt this good resolution. MYRON SWEET.

BLACK EARTH

Donald Grenfell of Illinois visited here during the holidays. Charles Cox of Lodi spent New Years at the home of his parents, Mr. and Mrs. Geo. Cox.

Mrs. Hannah Holden, a former Black Earth girl now residing in California with her son, Chester, is spending the holidays visiting her brother, D. A. Barber, here. Mr. and Mrs. Arthur Knusen are the parents of a twelve pound daughter, born Thursday.

Wesley Stuebe has been spending his holiday vacation with Mr. and Mrs. Ole Olson, Town Berry. Miss Florence Fingerhut was taken to Madison New Years day for an operation for appendicitis. Mrs. John Hacker is in a serious condition and recovery is doubtful. Mr. and Mrs. Dwight Perkins, of Barneveld, visited several days at the home of Mr. and Mrs. Gustave Lorenz.

Miss Vera Mills, of Chicago, spent the holidays here with her sister, Miss Veima Mills.

ON THE SIDE

HOW THE END OF THE WORLD CAME

We put on our dress suit and a pair of white gloves, and, with a wax lily in our hand, we went and sat in the parlor. We waited for the end of the world. We couldn't light the old pipe. Because we didn't want to be caught smoking at such a time. And it was a long evening. Our unregenerate neighbor went out every five minutes to whistle for his dog, and somebody down the block was torturing an innocent piano. Those folks didn't know what was coming to them. Along about midnight it came. There was a terrific crash. As though all six tipsy planets had hit the earth at one time. It sounded to us as though The Four Horsemen of the Apocalypse were galloping through a row of green houses. We shut our eyes, and again came the dire sound—Crash-crash-crash-crash!

Then we heard the familiar voice of Mr. Salteena, our pet cat. Tremblingly we investigated. Salteena had brought a friend home. And they had got into a fight. And knocked a forty-gallon ash can down the cellar stairs. We gave chase and fell over a box and into the coal bin and ruined the dress suit, and that was the end of the world for us. Because we knew we will never get another dress suit.

THE PESSIMIST'S STORY

In an unguarded moment when my wits were out wool gathering and my guardian angel was asleep at the switch, I confided to a friend the fact that I might some day take out some life insurance.

I told my friend about my intention at noon over my lunch. By 3 o'clock seven life insurance agents had called and had killed the afternoon. There were five more waiting outside on the sidewalk and three in

the street car which I took for my home.

When I reached home there were nine on the front porch and seven in the parlor entertaining my wife with horrible tales of life insurance or the lack of it, in which there were victims of orphans in the poorhouse.

At 10 o'clock that night the last agent had spoken his piece and departed, although several had volunteered to stay all night and continue the argument in the morning. After listening to them all the evening I had every symptom of every disease that had ever been invented.

When I awoke in the morning there were six new life insurance agents sitting on the porch and it was only 6 o'clock.

I escaped by the back gate and took the car for my office. As I drew near I thought the building was on fire. The street was packed with people away out to the tracks. They were life insurance agents waiting for me to open my office.

I didn't get off the car, but continued on to the railroad station. I am now staying down in the country for a month or two until the excitement blows over.

There is only one way to get life insurance and that is to say nothing but just go and get it.

It strikes us there must be quite a lot of sincere drinkers in Rhode Island.

A cable says there is nothing but harmony in Poland. Paderewski must be back in his old-time form.

One jump in the coffee, one lump in the furnace. That's the modern prescription.

An expert says sugar will be plentiful in the spring. What could be sweeter?
